BRITAIN'S AIR MIGHT STRIKES AT AXIS

PREMIER APPEALS TO CONQUERED ALLY NOT TO HINDER BRITAIN

Assures France She Will Share in Victory Over Enemies—Declares British Do Not Seek French Ships or Colonies, But to Beat Life Out of Herr Hitler

LONDON, Oct. 21 (P).—Prime Minister Churchill told the French people tonight Hitler will stop at nothing short of the "complete wiping out of the French nation," assured them they will share in a British victory, and asked in return only that "if you can not help us, at least you will not hinder us."

In a talk interspersed by bomb blasts during an air raid on London, Mr. Churchill declared "we are persevering steadfastly and in good heart" and urged Frenchmen everywhere to "rearm your spirits before it is too late."

"The crimes of Herr Hitler are bringing upon him, and upon all who belong to his system a retribution which many of us will live to see," he said. "The story is not yet finished, but it will not be so long. We are on his track and so are our friends across the Atlantic Ocean."

His speech, broadcast in French and English, and later broadcast to Germany in the German language, came at a time when the Germans are rumored to be attempting to manoeuvre the Petain-Laval Government at Vichy into joining the Axis against Britain.

TO BEAT HITLER

"Do not imagine, as the German-controlled wireless told you, that we English seek to take your ships and colonies," he said. "The British seek only to beat the life and soul out of Hitler."

He reminded Frenchmen that Britons have not forgotten "the ties that unite us," declared "we now as ever" have command of the seas, and asserted confidently "in 1941 we shall have command of the air."

"Here in London, which Herr Hitler said he will reduce to ashes and which his allies are now bombarding, our people are bearing up unflinchingly," the Prime Minister said. "Our air force has more than held its own."

Then, in a sarcastic reference to Hitler's threatened invasion of France,

SEE MONEY IN CHEAP LIQUOR

Exchange Control Board Considering Plan for Selling to Visitors

OTTAWA, Oct. 21 (P).—A proposal to enable visitors from the United States to take advantage of lower liquor prices as an aid to Canada's foreign exchange situation is receiving serious consideration by the Foreign Exchange Control Board, The Canadian Press learned today.

The board is canvassing Provincial liquor authorities on the question, but the matter has not yet reached the stage of formal negotiations, it was said.

In essence, the proposal is that: That liquor in bond in Canada should be made available without excise and customs duties to bona fide visitors from the United States. This would reduce the price of the better brands from about \$6 to \$2 for a twenty-six-ounce bottle.

The liquor so purchased could not be taken out of bond or consumed in Canada, but might be shipped to purchasers at their homes by express in bond. It could then be taken out of bond by purchasers upon presentation of the proper credentials to United States customs authorities.

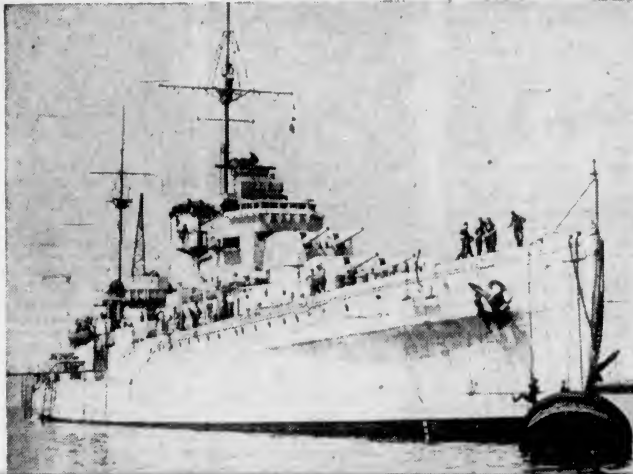

LODGES PROTEST

WINDSOR, Ont., Oct. 21 (P).—Local officials of the Federation of Musicians said today that concerts they sponsored Sunday nights in aid of the Red Cross have been protested by the Ladies Day Alliance on the grounds tickets were sold for the concerts. Protest was contained in a letter from Rev. George O. Webber, of Toronto, general secretary of the Alliance.

Hero Ship of Two Naval Actions

H.M.S. Ajax, the trim cruiser shown in this peaceful setting, is a savage fighter. She shared in the victory over the Graf Spee in the war and now, almost unaided, routed two separate detachments of the Italian Navy, sinking two destroyers and crippling a third, which was later sunk by H.M.S. York.

Britain Aims to Block Axis Drive Through Balkans

British Envoys Confer at Ankara—Effort Being Made to Combine Turkey, Greece and Yugoslavia Under Defensive Programme—Germany Exerting Pressure on Little Nations

BUDAPEST, Oct. 21 (P).—A redoubled German campaign to bring Hungary and Bulgaria into the Rome-Berlin-Tokyo Axis and reports of British efforts to line up Greece, Turkey and Yugoslavia against further Nazi incursions into the Balkans drew the lines sharper today in the struggle for control of Southeastern Europe.

With the Rumanian army now under German tutelage and Yugoslavia pledged to economic and political co-operation with Berlin, signs multiplied that Hungary and Bulgaria have been invited to join in outright military participation with the Axis.

Countering the German moves, British envoys are reported to be working for a defensive programme in the Balkans.

SCORES OF LIVES LOST IN FRANCE

Floods in Catalonia Claim More Than Hundred Persons—Damage Is Reported Heavy

VICHY, France, Oct. 21 (P).—More than 100 persons were reported dead or missing today and officials estimated damage of a billion francs as a result of torrential rains and floods which forced thousands to flee their homes in French Catalonia.

Armistice Board Members Killed

VICHY, France, Oct. 21 (P).—Three French and four German officers who were members of the Armistice Commission, and six German soldiers, were killed October 10 when their plane fell in the Mediterranean, it was announced.

The French plane was en route from North Africa to France. Several of the bodies were washed up on the North African shore, but names of the victims were not disclosed.

Ambassador Bullitt Disproves "Lie" of Nazi Propagandists

Reveals Unpublished Correspondence at Request of President Roosevelt—Declares Triple Alliance Direct Threat to the United States

CHICAGO, Oct. 21 (P).—Acting at request of President Roosevelt, Ambassador William C. Bullitt tonight revealed a bit of hitherto unpublished correspondence which, he said, disproved the "lie" that the United States promised to go to war in aid of Great Britain and France.

On April 4, 1940, he said, former Premier Edouard Daladier, of France, sent President Roosevelt a letter which said in part: "Also I feel I should tell you that during the past two years, when I was Prime Minister, Ambassador Bullitt always said to me that in

GOVERNOR ENDS INFORMAL VISIT

Earl of Athlone Returns to Ottawa After Stay in United States

NEW YORK, Oct. 21 (P).—The Earl of Athlone, Governor-General of Canada, boarded a train for Ottawa tonight at Grand Central Terminal, completing his three-day informal visit to the United States, two of which he spent with President Roosevelt at Hyde Park.

The Governor-General arrived in New York at noon today, and spent the afternoon strolling through the city with his secretary, Sir Shuldham Redfern, while his wife, Princess Alice, and their daughter, Lady May Abel Smith, did a bit of shopping.

The strict informality of the Manhattani visit was emphasized at their departure. No one saw them off and they boarded their train as simple passengers. It was believed their special coach was attached to the train at Poughkeepsie, where other members of the suite joined them.

Americans Indignant Over Fares

WASHINGTON, Oct. 21 (P).—An "undignified meeting" of American nationals in Shanghai to protest passenger rates on ships being sent to bring them home, set off a series of statements and explanations today.

Shanghai dispatches said minimum fares for two ships, the Monterey and Mariposa, had been announced at \$395 in United States money or about 6,300 Chinese dollars. Shanghai newspapers reported that because of this at least half of 3,500 American refugees would be forced to cancel their reservations.

DIES IN LONDON

LONDON, Oct. 21 (P).—The death of John Baldwin Beresford, fifty-two, former director of the Ministry of Information Intelligence Department, while on duty as a home guard in an air raid on London, was announced today.

FIRST RAIDS OVER CAIRO

Italians Bomb Suburbs Killing Civilian—Property Loss Negligible

CAIRO, Oct. 21 (P).—Egypt's capital experienced its first air raids last night, when Italian planes twice bombed a suburban area of Cairo and the Government said today, killed one civilian and wounded six others.

The property loss in the attacks on the suburbs was believed negligible.

The bombings increased Egyptian animosity toward the Italians, since they had promised there would be no raids on Egyptian cities during Ramadan, the annual fast of thirty days for Mohammedans.

AT HIGH ALTITUDE

Searchlights sweeping the area, caught one plane at high altitude, but it was uncertain how many were in the attack. Anti-aircraft guns fired at them.

Hitherto the air attacks have been confined to Alexandria, where the Mediterranean Fleet is based, and British troops have desert encampments.

Coming after the Italian attack on Bahrain Island in the Persian Gulf, in which British sources said the Italians violated the neutrality of Mohammedan Saudi Arabia, the Egyptians asserted the attack on the Cairo region, containing many objects especially sacred to the Mohammedans, would turn all the Moslem world against Mussolini and make his self-assumed title of "Protector of Islam" a bitter joke.

Boys sold pieces of bombs in Cairo streets.

REVOLUTIONARY COUP BLOCKED

Police in Panama Beat Off Attackers With Machine Guns

PANAMA, Panama, Oct. 21 (P).—Three persons were wounded last night in a clash described as a frustrated revolutionary attempt in which a group of men with homemade bombs attacked the police station at the interior town of Chorrera.

The police used machine guns to beat off the attackers. Colonel Pedro Juan Icaza was arrested as the alleged leader.

Meanwhile, authorities tonight were busy rounding up persons accused of participation in activities against the Government prior to the recent election.

Those held included the wealthy and prominent Francisco Arias Paredes, former National Police Chief, and a former public instruction official.

COMING TO VICTORIA

EDMONTON, Oct. 21 (P).—Monksignior Michael J. O'Gorman, pastor of the Sacred Heart Church here since 1921, left tonight for Victoria to become a chaplain with the Canadian Active Service Force. He served overseas as a chaplain in the first Great War and has been chaplain of the Edmonton Garrison for the past year.

Empire's Bombers in Wide-Open Assaults On Nazis and Italy

From Europe Day by Day—THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1940, by the Southern Co.)

LONDON, Oct. 21 (By Cable).—Thousands of German troops have been killed in Royal Air Force raids on invasion ports on the Continent, says The Times air correspondent.

Most of these casualties occurred in a single raid recently when British bombers arrived just when the German army was reorganizing large scale embarkations in Northern France. Many barges and ships were hit and soon the water was filled with drowning soldiers weighed down by their heavy kits.

For days afterwards the bodies of German soldiers were washed up along the French, Belgian and Dutch coasts.

The same thing happened along the Norwegian coast, where transports were sunk. These events gave rise to exaggerated reports, published in the United States, that an invasion of Britain had actually been attempted. German losses in barges and ships were so great that there will be much difficulty in waterway communication inside Germany this winter.

Royal Air Force raids on German railways, canals and bridges have further debilitated transport. Damage to the Dortmund-Ems Canal, which carried the equivalent of 400 train loads daily, is likely to be even more severely felt.

In Rumania even the pretence of neutrality on London continued intermittently, however, with occasional bursts of anti-aircraft fire and bomb explosions, as the heavy weather of early evening cleared away to a ground mist by morning.

Fierce raids on Liverpool and the Northwest began at dusk and progressed this morning in a shower of high explosive and incendiary bombs. The only serious casualties reported occurred when explosives burst in a congested area of one Merseyside town.

Berlin, Turin, Milan and Invasion Coast Heavily Pounded by R.A.F.—Factories in Mussolini's Stronghold Battered—Estimated 15,000 Bombs Dropped on French Coastline

Successes Serve to Celebrate Anniversary of Trafalgar Day

LONDON, Oct. 21 (P).—A fierce 100-bomb-a-minute night attack that blistered across-the-Channel invasion coast; widespread bombing raids on Germany, including two on Berlin that forced Nazi authorities to clamp down on military news from the Reich capital, and shuttle flights across the Alps to scar Italy's northern areas, were the offensive tactics of the Royal Air Force over the week-end.

On the invasion coast the R.A.F. dumped at least 15,000 bombs in the two-and-a-half-hour raid that started shortly after dusk on Sunday night. Observers said that brilliant flashes and loud explosions indicated British coastal batteries and warships in the Channel had joined in the assault. Fires could be seen stretching in an unbroken line for miles along the French coastline.

LONDON HAS QUIET NIGHT

Few Raiders Appear Over Capital—Active at Liverpool, Merseyside

LONDON, Oct. 22 (P).—London slept in virtual quiet last night and early today through a sporadic German air raid while the main force of the Nazi bomb blows was directed against Liverpool and other Merseyside cities.

The forty-fifth overnight onslaught on London continued intermittently, however, with occasional bursts of anti-aircraft fire and bomb explosions, as the heavy weather of early evening cleared away to a ground mist by morning.

Fierce raids on Liverpool and the Northwest began at dusk and progressed this morning in a shower of high explosive and incendiary bombs. The only serious casualties reported occurred when explosives burst in a congested area of one Merseyside town.

Canadians Are Given Decoration

LONDON, Oct. 21 (P).—Four Canadians, members of the Royal Air Force, have been awarded the Distinguished Flying Cross, the Air Ministry announced tonight.

The Canadians were honored, the ministry said, for gallantry and devotion to duty in the execution of air operations.

They are Flight Lieut. A. W. Fletcher, whose father lives in Lethbridge, Alta.; Flying Officer R. C. Blissett, whose wife resides in England; Flying Officer Wilfred J. Burnett, of Garden Creek, N.B.; and Flight Lieut. Garfield J. Prior, of Indian Head, Sask.

IN HEART OF BERLIN

In Berlin an R.A.F. bomber scored a direct hit, which set fire to an "important target" in the heart of the city.

In Northern Italy, a report said, the R.A.F. battered factories on the 1,600-mile nonstop flight to Turin and Milan which entailed crossing and recrossing the Alps.

Formations of British bombers were reported to have blasted the Krupp armament works, oil refineries, naval docks and wharves in Germany.

Both ends of the Rome-Berlin Axis had a taste of the growing effectiveness of the Royal Air Force and its increasing strength. This emphasis on growing British air might was in tune with predictions by Cabinet members that Britain may soon be waging offensive warfare.

"In 1941 we shall have command of the air," the Prime Minister told

R.A.F. Bombs Fall in Libya

Barracks and Naval Fuel Tanks Hit—Large Fires in Eritrea

CAIRO, Oct. 21 (P).—Monday night's Royal Air Force bulletin: "A successful raid was carried out on Tobruk (Libya) on the night of October 19-20 by bombing aircraft of the Royal Air Force."

"Bombs fell along the waterfront among barracks and naval fuel tanks, and there was a series of minor explosions, though one particularly brilliant flash even lit up the cabin of one of the raiding aircraft."

"In Eritrea a series of successful attacks was made on Gura. Two large buildings received direct hits. Another high explosive bomb led to an explosion which lit up the whole camp. Other bombs caused large fires, which still were burning when our aircraft lost sight of the target on the homeward journey."

"Three enemy aircraft on the runway at Asmara airfield were bombed and probably destroyed by near misses."

"Accord also was raided, but it was not possible to observe the damage."

"In raids on Dire Dawa, bombs fell close to the main hangars and among the buildings in the Italian quarters of the airfield. From all operations our aircraft returned safely."

LONDON ABLE TO TAKE LOT MORE

King's Messenger Emphatic in His Belief in Strength of Great Britain

NEW YORK, Oct. 21 (P).—Viscount Beatty, chairman of the board of the Shell Transport and Trade Company, arrived today on the Yankee Clipper from Europe.

Lord Beatty acted as King's messenger in bringing two sacks of mail here for forwarding to the British Embassy in Washington, but said there was nothing unusual in this, nor anything out of the ordinary in his trip.

Asked if London could stand another year of war, he replied: "Good God, yes! Ten years or twenty or fifty or more."

LATE NEWS BULLETINS

HEAVY EARTHQUAKE SHAKES RUMANIA
BUCHAREST, Rumania, Oct. 22 (P).—A heavy earthquake shook Rumania at 8:30 a.m. (10:30 p.m. P.S.T.) today, but there was no immediate reports of any loss of life or serious damage. Buildings wavered for some minutes in Bucharest, pictures were knocked down, and many persons were rolled out of their beds.

GERMAN RADIO STATIONS GO OFF THE AIR
NEW YORK, Oct. 21 (P).—A British short-wave broadcast heard here tonight by the National Broadcasting Company, reported that a large number of radio stations in Germany, Holland, Norway and Denmark closed down "very early" tonight, indicating, the announcer said, that Royal Air Force bombers again were making extensive raids.

ITALIANS DROP BOMBS ON ALEXANDRIA
ALEXANDRIA, Egypt, Oct. 22 (P).—An Italian air raid on the Alexandria neighborhood, in which several bombs were dropped but no casualties or damage resulted, was announced early today by the Royal Navy.

AMERICAN RED CROSS SENDS CASH TO LONDON
WASHINGTON, Oct. 21 (P).—The American Red Cross today made \$334,000 available in London for immediate purchase of clothing for homeless civilians. The Red Cross committee in London advised heavy clothing is needed pending arrival of large supplies being sent from United States.

SPEND TWENTY-SEVEN DAYS IN LIFEBOAT
BUNOS AIRES, Oct. 21 (P).—Ten survivors of the torpedoed Greek freighter Antonios Chandra, 5,866 tons, missing since their merchantman was sunk by a German raider in the South Atlantic, September 7, arrived here today aboard a British freighter. They said they were in a lifeboat for twenty-seven days.

First Numbers of Expected Exodus From Orient Here

Inbound Pacific Liner Brings United States and Other Nationals From Far East—Passengers Believe Japanese Now More Conciliatory Towards Great Britain and United States

THE vanguard of what promises to be a large exodus of United States nationals from Japan and its dominated areas in the Orient if the present tension between Nippon and the United States continues to get worse, arrived here yesterday aboard an inbound Pacific liner. The arrivals were principally women and children who do not expect to return to the Far East until such time as there is a general improvement in the international situation.

Contrary to expectations, Benjamin W. Fleisher and son, Wilfred, until recently proprietors and publishers of The Japan Advertiser and its weekly issue, Trans-Pacific, which were lately taken over by The Japan Times and Mail to be published in the interests of the new order in Asia, failed to arrive, the Fleishers being still in Tokyo when the vessel left Yokohama. It is their intention to sail from Japan aboard a United States vessel direct for San Francisco.

Passengers arriving were of the opinion that the Japanese trouble makers, since the United States took the stand that it was more or less determined to maintain the status quo in the Far East, had become more conciliatory in their attitude towards Britain and the United States, and will probably treat the nationals of both countries with

more consideration. They thought there would be no clash which would mean war between America and Japan, as the Japanese have all they can attend to, for the present at least, in China.

LEAVING SHANGHAI

Like himself, many other employees of the Shanghai Municipal Council are withdrawing their contributions from the superannuation fund and getting out of the Orient "while the going is good." G. F. Laing, formerly of the public health department in Shanghai, said: "There is great dissatisfaction among municipal employees over the situation now, and everyone is afraid that the Japanese will take over the International Settlement," he declared. "There has been quite a considerable exodus lately—sixty-two members of the municipal police resigned the other day—and most of them are going to Australia and New Zealand."

CANCELS LEASE OF OIL LANDS

Mexico Decides Not to Permit Japanese to Have Concession

MEXICO CITY, Oct. 21 (AP).—President Cárdenas has decided, as an act of "continental solidarity," to cancel a large oil concession granted last week to Japanese interests in Mexico, it was learned tonight.

A high government official in disclosing the impending cancellation, said also that a "more than satisfactory bid" by Japanese agents for 18,000 tons of Mexican scrap iron had been rejected because of Japanese-United States tension in the Pacific.

"We do not want it to appear that Mexico would sell scrap iron to Japan might conceivably use against the United States should the present crisis in the Orient end in open hostilities."

He said the government did this even though United States firms had refused to sell Mexico's petroleum industry badly-needed equipment for repair of several refineries.

The oil concession marked for cancellation, the spokesman said, involved the contract to the Tokyo-controlled Veracruzana Company to exploit 247,000 acres in Veracruz State, and added that it was approved as "routine" after negotiations extending over more than three years. It antedated the 1938 oil expropriation by one year, since a preliminary agreement was signed May 15, 1937.

The Watsons traveled via Moscow, Vladivostok, Tsingtao and Yokohama, taking ten days to go through Siberia by train.

If they eventually did reach England, the journey would have been some 23,000 miles, as compared with the direct route from Riga to London, about 1,000 miles, or eight hours by air.

Mr. Watson and his family left their former home on September 22 and have been traveling for a month.

He said there were some 130 Britishers still in Riga who would be evacuated shortly by the British Government by way of Vladivostok and Australia.

WANT RID OF FOREIGNERS Although the Russians did not treat them unkindly, the visitor thought, nevertheless, that they wanted to rid Latvia of all foreigners.

Speaking of his former business, which he carried on in Archangel, Russia, Mr. Watson stated that practically all the timber was state-owned—prior to the country's seizure by Russia—and timber tracts were sold at public auction. Operators then cut the trees, mostly red and white pine, loaded it on sleighs and hauled it to the river where it was floated down to Riga.

Ten per cent of the purchase price of timber tracts was allocated for reforestation purposes by the Government, he added.

English was the second language taught in the Latvian schools, although many of the people spoke Russian and German also. It was not uncommon for a taxi driver or wash woman to speak three languages, Mr. Watson declared.

"We managed to obtain visas and traveled through Russia, Siberia, Manchukuo and Korea to Japan," he said. "What impressed me more than anything else was the pro-British attitude of the Russian people. There were quite a few Germans aboard the train, but we seemed to get better food and service than they did."

"Near the Manchukuan border we saw thousands of Russian airplanes and lorries. They seemed to be suffering from wear, itching, burning, painful piles, to make this simple test. Ask your local druggist. Modern Pile-Mat or Cunningham Hips-Roids. Use it as directed, and if you are not pleased with the quick, satisfying results you get, your druggist will refund your money."

A few days' use of Hips-Roids will relieve all your troubles. Modern Pile-Mat, ease pain, promote healing of the raw, inflamed membrane, and give you a delightful freedom from this annoying and torturing discomfort. Many Canadian friends have written us of the really fine results they have had with Hips-Roids. It must be good because so many people like it and like who have used it.

RECOVERING FROM FLOOD

Continued from Page 1

On Squamish, forty miles north of Vancouver, were rescued in boats and makeshift rafts. Most other residents of the town left before the flood reached its five-foot peak in the streets.

DYANITE DIKES Police dynamited the sea-dikes of the low-lying town, allowing the flood waters to escape. Today work crews hurriedly repaired the blasted dikes, to prevent high tides from again flooding Squamish.

The Howe Sound town suffered heavy property damage, probably the worst in the province. Several automobiles were lost, and at least one farmhouse was swept away and hundreds of homes damaged. There were no reports of death or injury, but police said "almost all" the livestock in the Manquam Valley above the town was believed drowned.

Train service north on the Pacific Great Eastern Railway line into the Cariboo country was disrupted by washed-out bridges.

Thousands of dollars of damage was done in the Bridge River mining country north of Squamish by flooding of the glacier-fed Lillooet River. Communication with some mines was cut off when a Government bridge at the south fork junction of the Bridge and Hurley Rivers was washed away. Some crops were damaged before the rivers subsided.

DANGER PASSES Reports from the central coast region around Bella Coola, and from Zeballos on the west coast of Vancouver Island, indicated the flood danger has passed. Fishing boats were reported damaged at Bella Coola and a bridge across the Nassatoom River was washed out, along with telegraph and telephone lines.

At Zeballos, where water ran three to five feet deep down Main Street, Friday, and forced several families to flee their homes, the heavy rains which caused the floods had stopped and the waters had subsided. Evacuated families returned to take stock of damaged homes.

VERY FORTUNATE She (expectantly) — "Darling, I have just found the sweetest little hat."

He — "Well, I am glad I would certainly never have bought it."

CANNOT BE TRIED WITHOUT A JUDGE

Man Charged With Manslaughter Admitted to Bail at Nanaimo—Assaults Abandoned

NANAIMO, Oct. 21 (AP).—An incident believed unique in British Columbia court history occurred today, when Graham W. Donaghe, charged with manslaughter, was admitted to bail at Nanaimo.

Crown Counsel Arthur Leighton was instructed by the Attorney-General's Department to apply for a traverse of the case to the Spring Assizes. Defendant H. W. Davey indicated he would oppose the application.

Meanwhile, Donaghe, charged with manslaughter in connection with the death of a Chinese, Chue Yoo, here on July 26, has been admitted to bail.

The charges were for \$34.93 and \$25.23, and had been stolen from the office of the Shawinigan Lake Lumber Co. at Shawinigan Lake, late in May. They were endorsed "George Scott" and "George Turner." One was cashed here and one at Chemainus.

Anthony Friedrich Boyer, twenty-three, was arraigned before County Court Judge Shandley, September 16, and sentenced to a year on each charge, the sentences to run concurrently.

CASE OF MISTAKEN IDENTITY Yesterday Anthony appeared in person before Their Lordships, said the high bench, a case of mistaken identity, that he had definite proof of the guilty party and could produce him. The court adjourned for an hour while Provincial Police went to the hospital to bring the twenty-seven-year-old brother to court.

Confined to the B.T. Ward for two and a half months, Leo Boyer was visibly in a weak condition. He entered the court, took the oath and his brother stood before him and began to question him.

The interrogation was as to movements of the brothers in May, and after a few minutes Chief Justice Macdonald pointed out to Anthony that the questions were irrelevant; that admission of guilt or innocence on the part of the brother were the main points in the appeal.

At this point Leo asked Their Lordships if he could lean against their bench. A chair was provided and he was permitted to sit down.

DESCRIPTIVE CRIME "Your Lordships, I'd like to tell my story without being questioned by my brother," he said. His brother ceased the examination and he proceeded to tell how he entered a window of the Shawinigan Lake Lumber Co., Up-Island, and stole two cheque books, one of which he cashed. He also said he stole a perforator, cut cheques out of each book, made one out to George Turner and cashed it at the Vancouver Island Coach Lines Depot here.

The bus driver said he recognized him as working at Shawinigan Lake, Leo testified, mistaking him for Anthony.

"I bought a ticket to Shawinigan Lake and was given the change. I threw the ticket away."

He then testified that he bought a bottle of whisky, met another man, told him what he had done and the new friend asked him if he had any more cheques.

FORGED OTHER CHEQUES "I said yes, and we went to the New England Hotel. A third man joined us and stole a typewriter somewhere and we made out other cheques. Then we got into a car and started out to peddle them."

One was cashed at Chemainus and the party of three went to Nanaimo, where his companions left him, he testified.

Chief Justice Macdonald then asked, "When did you first know your brother was charged?"

"Mother told me I was in hospital. I told Stuart Henderson (Anthony's counsel) and also Father Gaudette."

Their Lordships then ordered a new trial for Anthony Boyer.

Manfred McGeer Secures Seat In Provincial House

MANFRED McGeer, Liberal candidate in the Mackenzie provincial by-election, carried the seat with a majority of 500 ballots over his single opponent, Grant MacNeil, C.C.F. nominee, final returns by Returning Officer E. S. Topper to the Province revealed yesterday.

The count was: McGeer, 2,428; MacNeil, 1,838, for all polls. The returned writ will be presented in the Legislature on October 29.

For the Axis and repeatedly have expressed gratitude for German and Italian support in regaining territory from Russia.

Diplomatic circles freely expressed the opinion the present regimes in Sofia and Budapest may soon agree to join the expanded Axis as a means of liquidating these internal pressures.

TAKES OVER TRAINS In line with cancellation of many Rumanian and Yugoslav train schedules and placing them at the service of German experts reorganizing their transport systems, Hungary was reported to have dropped twelve trains.

Transport difficulties have slowed down the movement of Southeastern European exports of petroleum, foodstuffs and other raw materials to Germany in the past. Observers suggested the revamping of the transportation systems would facilitate military as well as economic plans in this area.

Censored reports from Bucharest, pressing air raid defence and undergoing its second night of complete blackout, told of Turkish troop concentrations on the Bulgarian frontier.

Greece, confronted by Italian forces on her Albanian frontier, maintained calm.

CONFESSES HE STOLE CHEQUES

Leo Boyer Admits Crime for Which Brother Was Sentenced—New Trial

T. J. "Leo" Boyer left his bed in the B.T. Ward at the Royal Jubilee Hospital yesterday, was driven to the County Court and under oath, confessed that he forged two cheques on June 29, for which crime his younger brother, Anthony, was sentenced to a year's imprisonment here last month. The brother was given a new trial by Their Lordships.

The cheques were for \$34.93 and \$25.23, and had been stolen from the office of the Shawinigan Lake Lumber Co. at Shawinigan Lake, late in May. They were endorsed "George Scott" and "George Turner." One was cashed here and one at Chemainus.

Anthony Friedrich Boyer, twenty-three, was arraigned before County Court Judge Shandley, September 16, and sentenced to a year on each charge, the sentences to run concurrently.

CASE OF MISTAKEN IDENTITY Yesterday Anthony appeared in person before Their Lordships, said the high bench, a case of mistaken identity, that he had definite proof of the guilty party and could produce him. The court adjourned for an hour while Provincial Police went to the hospital to bring the twenty-seven-year-old brother to court.

Confined to the B.T. Ward for two and a half months, Leo Boyer was visibly in a weak condition. He entered the court, took the oath and his brother stood before him and began to question him.

The interrogation was as to movements of the brothers in May, and after a few minutes Chief Justice Macdonald pointed out to Anthony that the questions were irrelevant; that admission of guilt or innocence on the part of the brother were the main points in the appeal.

At this point Leo asked Their Lordships if he could lean against their bench. A chair was provided and he was permitted to sit down.

DESCRIPTIVE CRIME "Your Lordships, I'd like to tell my story without being questioned by my brother," he said. His brother ceased the examination and he proceeded to tell how he entered a window of the Shawinigan Lake Lumber Co., Up-Island, and stole two cheque books, one of which he cashed. He also said he stole a perforator, cut cheques out of each book, made one out to George Turner and cashed it at the Vancouver Island Coach Lines Depot here.

The bus driver said he recognized him as working at Shawinigan Lake, Leo testified, mistaking him for Anthony.

"I bought a ticket to Shawinigan Lake and was given the change. I threw the ticket away."

He then testified that he bought a bottle of whisky, met another man, told him what he had done and the new friend asked him if he had any more cheques.

FORGED OTHER CHEQUES "I said yes, and we went to the New England Hotel. A third man joined us and stole a typewriter somewhere and we made out other cheques. Then we got into a car and started out to peddle them."

One was cashed at Chemainus and the party of three went to Nanaimo, where his companions left him, he testified.

Chief Justice Macdonald then asked, "When did you first know your brother was charged?"

"Mother told me I was in hospital. I told Stuart Henderson (Anthony's counsel) and also Father Gaudette."

Their Lordships then ordered a new trial for Anthony Boyer.

Premier Appeals to Conquered Ally Not To Hinder Britain

Continued from Page 1

land, he said Britons still are awaiting the Nazi legions—"so are the fishes."

TEXT OF SPEECH The following is the text of Mr. Churchill's address to the French nation:

Frenchmen: For more than thirty years in peace and war I've marched with you and I'm marching still along the same road. Tonight I speak to you as your fireside, wherever you may be or whatever your fortunes are, I repeat the prayer around the Lous d'Or—"God protect France."

Here at home in England under the fire of the Boche we do not forget the ties and links that unite us to France and we are preserving steadily and in good heart in the cause of European freedom and fair dealing to the common people of all countries for which you and we drew the sword.

THE COMMON ENEMY When good people get into trouble because they are attacked and heavily smitten by the vile and wicked, they must be very careful not to get at loggerheads with one another. The common enemy is always trying to bring this about, and, of course, in bad luck a lot of things happen which play into the enemy's hands. We must make the best of things as they come along.

Here, in London, which Herr Hitler said he would reduce to ashes, and which his airplanes are now bombing, our people are bearing up unflinchingly. Our air force has more than held its own. We are waiting for the long-promised invasion. So are the fishes! But, of course, this for us is only the beginning.

Now, in 1940, in spite of occasional losses, we have, as ever, the command of the seas.

AIR COMMAND NEXT In 1941, we shall have the command of the air. Remember what that means.

Herr Hitler with his other mechanical weapons and also by fifth column intrigue with traitors, has managed to subjugate for the time being most of the finest races in Europe, and his little Italian accomplice is strutting along hopelessly and hungrily, but rather nervously and very timidly, at his side. They both wish to carve up France and her empire, as if it were a fowl to one leg, to another a wing, or perhaps part of the breast.

Not only the French Empire will be devoured by these two ugly customers, but also the Lorraine will go once again under the German yoke, and Nice, Savoy and Corsica—Napoleon's Corsica—will be torn from the fair realm of France. But Herr Hitler is not thinking only of stealing other people's territories, or flinging goblets of them to his little confederates.

"THIS EVIL MAN" I tell you truly what you must believe, when I say this evil man, this abortion of hatred and defeat, has resolved on nothing less than the complete wiping out of the French nation and the disintegration of its whole life and future. By all kinds of sly and savage means he is plotting and working to crush forever the fountain of characteristically French culture and French inspirations to the world. All Europe, if he has his way, will be reduced to one uniform Boche land, to be exploited, pillaged and bullied by his Nazi gangsters.

You will excuse my speaking frankly, because this is not a time to mince words. It is not defeat that France will now be made to suffer at German hands, but the doom of complete obliteration. Army, navy, air force, religion, law, language, culture, institutions, literature, history, tradition, all are to be effaced by the brute strength of a triumphant army, and the scientific know-cunning of a ruthless force.

WHAT NAPOLEON SAID Frenchmen! Re-arm your spirits before it is too late. Remember what Napoleon said before one of his battles, "These same Prussians who are so boastful today, were to me one day at Jena and six to one at Montmirail."

Never will I believe that the soul of France is dead. Never will I believe that her great place among the greatest nations of the world has been lost forever.

All these schemes and crimes of Herr Hitler are bringing upon him, and upon all who belong to his system, a retribution which many of us will live to see. The story is not yet finished, but it will not be so.

long. We are on his track, and so are our friends across the Atlantic Ocean and your friends across the Atlantic Ocean.

If he cannot destroy us, we will surely destroy him and all his gang and all their works. Therefore have hope and faith, for all will come right.

SUCCESS TO COME Now, what is it we British ask of you in this present hard and bitter time? What we ask at this moment, in our struggle to win victory, which we will share with you, is that if you cannot help us, at least you will not hinder us. Presently you will be able to weight the arm that strikes for you, and you ought to do so, but even now, we trust that Frenchmen, wherever they may be, will feel their hearts warm, and a proud blood kindle in their veins, when we have some success in the air or on the sea, or presently—for that will come—upon the land.

Remember, we shall never stop, never weary and never give in, and that our whole people and Empire have vowed themselves to the task of cleansing Europe from the Nazi pestilence and saving the world from new dark days.

Do not imagine, as the German Englishmen tell you, that we English seek to take your ships and colonies. We seek to beat the life and soul out of Hitler and Hitlerism—that alone, that all the time, that to the end. We do not covet anything from any nation, except their respect. Those Frenchmen who are in the French Empire, and those who are in so-called unoccupied France, may see their way from time to time to useful action. I will not go into details; hostile ears are listening.

GOOD NIGHT, THEN: sleep to gather strength for the morning, for the morning will come. Brightly will it shine on the brave and true, the kindly, on all who suffer for the cause, and gloriously upon the dawn. Vive la France! Long live, also, the forward march of the common people in all the lands, towards their just and true inheritance, and towards the broader, fuller age.

UNABLE TO GET OIL AGREEMENT Japanese Commerce Ministry Back From East Indies Without Contract

TOKIO, Oct. 22 (AP).—The newspaper Nichi Nichi today quoted Japanese Commerce Minister Ichio Kobayashi on his departure from Batavia as saying that an oil agreement concluded with the Netherlands East Indies Saturday was unsatisfactory, and that Japan is negotiating for a larger quota.

Results of Kobayashi's mission to Batavia was described as generally successful, however, and it was said that he would return there after consultation with the Government at Tokyo.

(Conclusion of an agreement between Japan and the Netherlands East Indies on oil was reported in Tokyo Saturday, but on the same day London said Britain had contracted for all the East Indian output of high octane gasoline, used for aviation fuel. High British sources reiterated this report Monday, saying they had no new information of Japanese-Netherlands negotiations.)

There were indications in Tokyo today that Japan's objectives in the trade negotiations had not been reached, although disappointment was not apparent. It was understood that Kobayashi conducted the oil negotiations apart from all other economic questions.

(Netherlands East Indies oil is vitally important to Japan, where anxiety is being felt over the possibility that the United States will embargo oil shipments.)

British Dive Bomber Tells Graphic Story Of Raid on Berlin

Target Held in Gunsights Until Quite Near Ground—Bombs Seen to Burst—Balloon in Flames Hit by the Germans

LONDON, Oct. 21 (P).—Berlin's balloon barrage, searchlight batteries and anti-aircraft fire have failed to prevent British dive-bombing, a Royal Air Force sergeant-pilot said today. He recounted in detail how he swept low over his target in the German capital last night, dropped his stick of bombs and climbed out of the shell-plattered skies to safety.

"We arrived over Berlin in the moonlight and you could see lots of buildings and doorways if you got the angle right," he said.

"They started peppering us heavily and searchlights got on to us. But we had a couple of good landmarks to guide us and after a time our navigator picked them up.

NAVIGATOR RIGHT

"I put my plane's nose down. It is useless going down if you are not sure of your target, but our navigator was right."

"I got the target in my gunsights and held it there until we were quite near the ground. We were diving at a good speed and the target was getting bigger and bigger all the time."

"I shouted 'Let them go!' And the bomb aimer pressed the button. Then the defences really let us

CLIMBING AND DIVING

"The rear gunner saw our bombs bursting in the target area. Then fires broke out. While we were getting out I was doing stall turns and steep turns and climbing and diving alternately."

"Then suddenly I saw a balloon go up in flames. I didn't see it until it caught fire. Guns on the ground must have hit it."

"Some blazing fabric went sliding down the cable. Some of it broke off and dived in our direction and seemed to be following us. It was several seconds before we finally got

SAYS CHINESE NEED ALL AID

Meeting Urges Canadian Wheat Surplus Be Sent Suffering Nation

Having returned from missionary work in China under wartime conditions just a short while past, Mrs. L. Campbell-Brown, Vernon, speaking at the Chamber of Commerce Hall here last night, under the auspices of the Canadian Friends of the Chinese People, urged that the Canadian wheat surplus be sent to the suffering Orientals.

Vividly describing the determined fight of the Chinese to maintain their nation in the face of Japanese aggression, Mrs. Campbell-Brown told of the suffering in China. "It is pitiful," she said, "to see the children and women bombed and machine-gunned by the Japanese."

RETURNS TO CHINA

"Returning to the beleaguered nation, which she described as 'the oldest democracy in the world,' following an absence of many years, Mrs. Campbell-Brown felt that as the wife of a former Presbyterian missionary she could do worth-while work in the country. She has acted as doctor, lecturer and missionary to the Chinese."

"The Victoria Medical Aid to China Society has set an example to the rest of the Dominion," she said, "and wherever I went in China, they were aware of and grateful for the work of this fine organiza-

Chairman of the meeting, Captain Elmore Philpott introduced the speaker. Relative to the Chinese situation, Captain Philpott declared that "in this patriotic province of British Columbia, the mines had produced more metal for shipment to Japan than they did for England."

He recalled that he had appeared on the same platform some three years previously, on an occasion pertinent to the asking of the authorities for a ban on shipments of scrap metal to Japan, and brought to the notice of the meeting that it was just recently that this petition had had effect.

SHOW IS ENJOYED BY LARGE CROWD

Catholic Youth Organization Entertains Men of Forces at K. of C. Hall

One of the biggest Sunday night crowds since the opening of the Knights of Columbus Hut in Esquimalt attended an enjoyable entertainment presented last Sunday by the St. Andrew's Cathedral Chapter of the Catholic Youth Organization. There were more than 250 soldiers, sailors and air force men present, accompanied by their friends.

The show featured many novelty acts, including tap dancing, vocal solos, ensemble selections and comedy. Two scenes, one where the performers were attired as children and the other where a cowboy's campfire was the background, drew special applause from the audience.

Those contributing to the entertainment were the Misses Ida and Marguerite Lalonde, Maxine High, Mary Hines, Marie Longpre, Madeline Cicci, Laura Bremner, Mary Grant, Maureen Dare, Isabelle Coley-Brown and Vera Moreau, and John McAllister, Dan and Al Mulcahy, Ben Nelson, Walter and Kenneth Gray and William Fletcher. Donald Thompson and Colton Haggerty handled the curtain and lights.

CLUB MAKES PRESENTATION

After the weekly rehearsal of the Craigflower Dramatic Club, a mellenous shower was held at the home of Mrs. B. Clair for Miss Adele Bell, a club member, who is to be married shortly. She was given a bouquet of yellow chrysanthemums and a green and yellow treasure chest containing the gifts.

Refreshments were served. The invited guests included Mesdames R. H. Bell, P. Bell, Langley, Pringle, O. Bligh, Colton, Shaw, Corke, C. R. Vasherese, McKay, Roy, Johnston, Warren, R. Albany, J. W. Pilgrim, Rogers, L. Waring, Hudson, Sr., R. Hudson, Phillips, L. Rines, and Misses Joyce Bell, Betty Clair, Muriel Rogers, Myrtle Corke, Elsie Foster, Lenore Waring, Ruth and Lollie Cameron, June Pilgrim, Dorothy Bligh, Mary Alexander and Joan Woolley.

Referring to questions raised as to the loyalty of the colony of some 500 refugees from Czechoslovakia now happily established south of the Peace River, Mr. Braden declared that all men in the colony had offered themselves for active service, and were eager to give their lives, if necessary, in the fight on Britain's side.

A programme of entertainment was provided during the meeting.

JAMES BURDEN IS TAKEN BY DEATH

Manager of Victoria Grain Elevator Dies in Hospital Here After Short Illness

After an illness of only two days, James Burden, manager of the Victoria Grain Elevator since its erection here eleven years ago, died on Sunday morning in St. Joseph's Hospital. He was fifty-three years of age.

Mr. Burden was born in Quyon, Quebec, and had been a resident of this city for the past eleven years. He is survived by his wife; one daughter, Mrs. C. W. Irving; one son, Kenneth J., and two grandchildren, all of Victoria, and seven brothers and two sisters in Eastern Canada.

Mr. Burden was in the grain business in Port Arthur and Vancouver before coming to this city. He was past grand master of the Port Arthur Lodge, No. 90, A.F. & A.M., and was a member of the Uplands Golf Club here.

Rev. O. L. Jull will conduct the funeral services in Hayward's B.C. Funeral Chapel tomorrow afternoon at 2 o'clock. Interment will follow in the Royal Oak Burial Park.

In a report to the City Council the Travelers' Aid and Welfare Department of the Y.M.C.A. stated that 273 vessels had been met from April 1 to August 31, 249 cases involving 458 persons had been dealt with, 387 interviews had been held with transients, and information supplied to 743 contacts.

FILL SEATS BY ACCLAMATIONS

Liberals Get Three and Conservatives Two in Nova Scotia House

HALIFAX, Oct. 21 (P).—Five seats in the Nova Scotia Legislature were filled today by acclamation when nomination day proceedings failed to develop contests in any of the ridings where by-elections were to have been held October 28.

Three Liberals and two Conservatives were returned without opposition, filling all vacancies in the thirty-seat House and leaving the standing the same as before the seats were opened. Both the Liberal Government and the Opposition had agreed to let each seat go to the party that held it previously.

The House standing remains twenty-four Liberals, five Conservatives and one Co-operative Commonwealth Federation member.

LEADER ELECTED

Cum gratia representative will be Leonard W. Fraser, thirty-eight-year-old Halifax lawyer, who was chosen less than two weeks ago as head of the Conservative party in this province. He has never sat in the House.

THE OTHER NOMINEES

Liberal: Halifax West—George E. Hagen, who resigned as Minister of Industry and member for the riding in July for "private reasons."

Halifax South—J. R. Murphy, Halifax clothing manufacturer.

Inverness—Alex Mackinnon, young Inverness lawyer.

Conservative: Colchester—George S. Dickie, Middle Sackville lumber operator.

SIX DEATHS IN B.C. OCCUR

Rail, Sea and Road Accidents Reported During Week-End Period

Week-end tragedies in British Columbia included four persons believed killed in a train wreck, an Indian drowned in a storm at sea, when a seine boat foundered, and the death of a Bralorne woman injured in a motor accident, according to wireless reports to headquarters of the Provincial Police yesterday.

The train wreck was the most serious of the three reports. An engine and one freight car of a train passing over Lorne Creek bridge on the Canadian National lines, 130 miles east of Prince Rupert, went through the structure, leaving passenger cars still intact on the rails. Engineer Carpenter and Fireman Meyers were known to have lost their lives; and it was believed also that two transients riding the train were drowned. The names of the transients were given as William Upston and Otto Thom. Flood waters were blamed for damage to the bridge. The time of the accident was not stated.

OTHER FATALITIES

Mrs. Ragnhild Smith, Bralorne, a passenger in a motor car diving in a lake on Saturday evening, lost her life when the vehicle left the road. Details of the fatality were not available here, but an inquest was being arranged, the police said.

Two unnamed crew members were saved, but Eugene Aileo, Indian fisherman of Hesquiat, lost his life when the seine boat Shamrock foundered in a southeast gale off Kyquod Sound on Friday. The vessel was engaged by the Millard Packing Company, of Markale. A two-day search of the beach near the scene failed to disclose the body of the twenty-year-old Indian up to yesterday. The water is 100 fathoms deep at the scene of the foundering, police wireless messages from P.M.L. 14 stated. Search is continuing, on shore.

FINAL RITES HELD FOR COL. MESSITER

Rev. T. R. Lancaster conducted the funeral service for Lieut.-Col. Charles Bayard Messiter in Hayward's B.C. Funeral Chapel yesterday afternoon. The hymns were "Come Gracious Spirit, Heavenly Dove," and "O Strength and Stay." The following were the pallbearers: Major R. G. H. Murray, Col. A. W. R. Wilby, H. H. Ketchen, G. H. Fethick, G. B. H. Stevens, E. C. F. Allen, Major A. J. Piddington and Major A. H. Jukes.

"United and Resolved"

RT. HON. WINSTON CHURCHILL

"The British Empire stands invincible . . . Our people are united and resolved as they have never been before . . . with the conviction of final victory burning unquenchable in our hearts." In these ringing words of confidence, Prime Minister Winston Churchill has expressed the fighting spirit of the British people—their grim determination to prosecute this war until tyranny is ended and freedom finally triumphs. "United and resolved" symbolizes the spirit of nearly four million Canadians banded together for mutual protection through the great co-operative enterprise of life insurance. These good citizens know that life insurance has weathered every storm in the past 100 years—and that it promotes national security and stability. It is good citizenship to own **Life Insurance**

PARLIAMENTARY RESPONSIBILITY

There are a number of matters of serious import to the country that should be engaging the attention of Parliament. The suggestion that there is so little to be discussed that it will only be necessary for Parliament to remain in session for a short time when it meets on November 5 is a denial of parliamentary responsibility. It will be interpreted in some quarters as an attempt by those who are directing the country's war effort to evade criticism. There are many vital matters that call for parliamentary attention, and the Government, bearing in mind the slow response of the public to the last War Loan, would do well to allow full latitude to discussion on all subjects relating to this country's participation in the War.

There is the question of war contracts, involving expenditures of hundreds of millions of dollars. Parliament should be shown, by chapter and verse, that not only is no money being wasted because of this outlay but that full value is being received for every dollar spent, and that the profits being made by contractors are not undue. Moreover, there should be the utmost clarity in official explanations to show that there are no political middlemen allowed to operate in the dispensing of war contracts. It should not be necessary to remind Ottawa that a practice of this character places money out of the blood and sacrifice of the people; places them in a category no less despicable than that of traitors.

There is the policy of the conscription of man power due for discussion. The country is now persuaded that the measure to which it is being undertaken is little more than a political gesture that it only touches the surface of what conscription means, and that the young men being given a smattering of training under this plan will not be equipped for the defence of Canada. It is only in this thirty-day training plan that any use has been made of National Registration. Parliament is entitled to know what, if anything further, is proposed, especially in view of the fact that there is a threatened shortage of man power in Eastern munition factories.

There is the question of the Active Service Force. When the policy of mobilizing man power was decreed on the easy installment plan and with the minimum of use, it was announced by the Minister of National Defence that an end would be put to voluntary enlistment for the Active Service Force. This policy has not been followed strictly. Recruits are still being accepted in a desultory way. To all intents and purposes, however, so far as the formation of new divisions for participation in the War is concerned, this branch of war effort, one of the most important of all, is suspended. Parliament should be informed what are future intentions and, moreover, should insist on its right to say what shall be done and what provision is to be made for this country's participation in the eventual thrust that will lead to the defeat of the enemy. The longer plans remain nebulous about this imperative factor in war effort, the longer victory will be postponed.

A new element in the international situation that has arisen since Parliament was last in session is the admission of Japan to the Rome-Berlin Axis. This raises the question of present and prospective problems in the Pacific Ocean and in the countries which border on this great expanse. There is, for instance, need of adequate naval forces on this Coast to meet any emergency. There is the question, too, of air defences. These at present are in mere skeleton form, so far as the defence of the Pacific Coast of Canada is concerned. As a part and parcel of such an aerial policy, ground defences are conspicuous by their absence. Everything, in fact, in this particular is in an embryonic stage, and whatever co-ordinated policy there is for the future hardly seems to be in appreciable motion. The Members of Parliament for this Province should be a unit in asking for a full investigation and for a carefully rounded out plan for the aerial defences of the Pacific Coast.

Another matter which calls insistently for action by Parliament is that of the provision of credits in the Dominion by means of which Great Britain can secure much-needed food supplies for her harassed population. Canada has surplus stocks of many commodities available for export, including bacon and butter, and yet the people of Great Britain are rationed in these food-stuffs. Canada has an exceptionally high favorable balance of trade with the British Isles. She is receiving orders for munitions and other war material running into hundreds of millions of dollars. She is not buying British imports to all the extent that she should in exchange for all the benefits that the War is conferring upon her trade. The British have so many monetary pre-occupations and are spending such huge sums on their military efforts that they cannot, at the moment, pay in Canadian dollars for the food-stuffs that they require from this Dominion. The matter can be adjusted readily if Parliament will authorize the Government to make the necessary credits available. The Government itself could arrange the credits under the War Measures Act, but to the extent that it has not done so, it seems to need direction from Parliament.

Yet another issue that calls for full discussion in Parliament is the agreement reached between this country and the United States for the construction of the St. Lawrence Seaway. There is a very large section of public opinion persuaded that this project is wholly unnecessary at this time. One outstanding authority on power matters in this country, Mr. James Wilson, president of Shawinigan, says: "The St. Lawrence Waterway has no significance whatever in any national planning for industrial war preparedness." Since it is contemplated to spend hundreds of millions of dollars on this undertaking, while the country is at war, it is axiomatic that Parliament should

have something to say on what, to the lay observer, seems like a proposed wanton expenditure of funds at a time when there will be progressive war loans required by the Government. The ability to carry on the St. Lawrence Seaway development, both for Canada and the United States, rests on ability to win the War. First things should come first.

A "COLOSSAL MESS"

"This camp is one of the most colossal messes I have ever seen. The camp is not finished—that is the source of our grief. We are a month early. We arrived tired, hungry, filthy and grimy and wet. It rained the day we marched in from the station—three miles. The place was a mess... acres and acres of semi-cleared land, churned up by bull-dozers; mud and dirt everywhere; the huts only half finished. When we got to our allotted bunkhouse, we found it was apparently a storehouse. About 1,000 doors, etc., were piled there... no fire on... shavings and bits of wood everywhere; no water, no beds, no mattresses, no food, and it was about 1 p.m. by then... The electric light was only half wired; still no water—the lines are dug up with huge ditches, as the water system is being laid. More great ditches are laid down away from camp... the sewage system is also not completed. The abutment huts are not finished... no plumbing in them. There has been only one cookhouse open until today. Over 1,000 men lined up in a single file into one cookhouse, and with no tables or benches. In other words, no mess hall. We just came back and eat on our bunks. And then no water to wash our plates and utensils with... The washing parade is so pitiful it is funny. Picture a whole company, towels on shoulders, parading down to a little three-foot-wide stream of freezing cold water, muddy and dirty. Its only wash of the day. You can't imagine the scarcity of water—no washing—it is awful!"

The foregoing is a part of the picture that awaited the First Battalion, Canadian Scottish Regiment, on its arrival at an Eastern camp a few weeks ago. The story appeared in Sunday's issue of this newspaper, but bears repetition if it is the means of shaking authority out of its complacency and muddling in providing for the common decency of life for the soldiers of this Dominion. Parliament meets on November 5. The Members from this Province, and particularly those representing Vancouver Island, where the First Battalion, Canadian Scottish, was chiefly recruited, have an obvious duty, to bring up the question of the "colossal mess" and ask for an official explanation. It is only by forcible attention being directed to such "colossal messes" (and there are others) that the ineptitude responsible will be prevented in the future.

ESCAPING PRISONERS OF WAR

A recaptured prisoner of war tells of how deeply impressed he was by the generosity and assistance of the Canadian public while attempting his flight from an internment camp. This is related by the Director of Public Information at Ottawa, who tells of how this prisoner was given three lifts by motor between Mimico and Burlington, and his third benefactor "even offered him a job." The apparel worn by prisoners of war is made of either black or blue denim with a large circle of scarlet on the back of the smock and a four-inch stripe down the outer side of the right trouser leg. Thus, there is no mistaking them. It is related of the prisoner who paid tribute to the generosity and assistance of the public that the stripe on his trouser leg was covered by a pair of overalls, "but the circle on his back stood out like a beacon light." That is the language of the Bureau of Public Information. The people are being told how to "spot" escaping prisoners of war. The key to the solution of the problem, however, should be such precautions as will prevent them from, even temporarily, obtaining their liberty.

"Audacity in surprise, the destruction of material rather than of men, blows at the enemy's nerve centre and therefore at his will to resist." This is what Lawrence of Arabia recommended in the strategy and tactics of war. It is the course being pursued by the Royal Air Force.

Note and Comment

By SANDHAM GRAVES

The president of the Society for the Registration of Some Things in Particular cleared his throat in a preliminary kind of way, and surveyed the assembled members blandly. Then he leaned forward impressively, and began.

"Fellow Members of the Society, we are gathered tonight to discuss what may be a turning point in our career; no less than a change of name, and an extension of the scope of our work until, together, they will take in everything. It has been suggested, and I feel rightly so, that we should not limit our breadth of view, nor incur the risk of getting into a rut, by clinging too closely to rigidly confined limits. The registration—laudable as that is—of Some Things in Particular, No. what we are after is really the Registration of Some Things in General. In short, we propose to make the heart of our title and all of our aim."

The president paused for effect. The effect was electrical. All around the board, even pale and listless members became alert, and suffused with a cheery glow. The secretary, who had been sitting in the front row, rose and said: "The Society for the Registration of Some Things in Particular and Everything in General" had a good sound found to it. One could roll that to a fair distance on the tongue. The vice-president saw in it even higher ambitions than the president's. As the supreme pinnacle of all. The president smiled, and went on:

"But now, sirs, before we part with that honorable name, before we reach the momentous decision of taking on Everything in General, we may look backwards over the past, and we can say—without successful challenge—that already we have made a very handsome start in our great mission. I will put it to you: Gentlemen—and you can appeal yesterday."

All over Canada, leaders of political parties, members of the House of Commons, and men and women closely identified with Canada's war effort and fully conscious of the importance of maintaining the home front, are urging the people to "give us a hand" to the community chests of the country, in the knowledge that not only will they be aiding the cause of humanity, but also will be helping directly and indirectly to bring the war to a successful conclusion.

Volunteer workers in Victoria will begin their appeal to the general public on November 4, and continue until November 11, but already some divisions of the organization have begun the work of distributing cards in industrial plants, business offices, schools and offices of the civil service, giving liberally of their time and energy with no hope of reward other than the satisfaction of having done something to improve the lot of less fortunate fellow citizens.

The corresponding period last year, September production was 339,000,000; or 110,000,000 board feet more than in September, 1939. C. D. Orchard, assistant chief forester, said:

To the saw log scale for nine months remained to be added 12,010,000 linear feet of poles and pilings; 198,000 cords of cut wood, and 471,000 pieces of beam ties.

LOG EXPORTS CURBED
Log exports in the same period fell to 160,000 board feet from 221,000 board feet between January and September inclusively last year. All fir log exports are prohibited until December 10, under a standing order of the timber export board, applied on July 10 last.

In the nine months' scale, fir predominated, at 1,274,000 board feet. Western hemlock was next, with 527,000 board feet. Other species included cedar, 417,000 board feet; spruce, 166,000 board feet; balsam, 112,000 board feet; yellow pine, 32,000 board feet; white, 29,000 board feet; with a few other species in smaller amounts.

The captain of a tramp steamer and his mate went to the bar and ordered two pints of beer.

"Well, here's health, skipper," said the mate.
He picked up his tankard, but before he drank he closed his eyes.
The skipper looked on in astonishment.
"Here," he said, "why do you close your eyes when you drink?"
"The doctor told me I mustn't look at anything stronger than water," replied the mate.

FIFTY YEARS AGO TODAY

(From The Daily Colonist of October 22, 1890)

Wedding Solemnized—In San Jose, California, last evening was celebrated the marriage of H. J. Scott, of this city, and Gertrude Kent, only daughter of Lieut.-Col. Maynard, late of H.M. 88th Regiment.

University of B.C.—Today will be held in Vancouver the long expected meeting of convocation of the University of British Columbia, the proceedings of which will be looked forward to with interest. A number of delegates from Victoria and other places outside the Terminal City are expected to be present.

New Building—Tenders are now invited for the erection of a new waiting room and ticket office on the Canadian Pacific Navigation Company's wharf, the construction of which will, in all probability, be commenced within the next fortnight. The old building that has for many years done duty as a ticket office on the dock will be torn down as soon as the contract is let, and the new building will be erected on its site.

WAR IMPOSES BIGGER BURDEN

Community Chest Campaign Deserving of Victoria's Full Support

The wartime function of the Community Chest of Greater Victoria is something more than a means of relieving civilian suffering and distress and of fostering character-building institutions; it is a vital part of the war effort itself.

That fact was strongly emphasized by officials of the Community Chest organization yesterday when appealing to the public for the greatest support it was in their power to give when the \$100,000 campaign is launched here on November 4. The advent of the war, far from lessening the burden placed on the Community Chest, actually has increased its responsibilities, and has made more urgent than ever before the need for funds with which to carry on the "home front," as it is called in Canada, and in Britain, as the power behind the fighting forces.

The social agencies sponsored by the Community Chest are doing invaluable work in caring for the dependents of the men in training camps and in all branches of the service, helping families, and temporarily fatherless families, confronted by the many and varied problems that war brings when the breadwinner of the home is on active service overseas or "somewhere in Canada."

"We must beg of the citizens of Victoria to consider as never before the needs of the community and to strive in this way to give the assurance that the democracies still cherish the ideals of humanity and Christian sympathy," an officer of the Community Chest organization appealed yesterday.

All over Canada, leaders of political parties, members of the House of Commons, and men and women closely identified with Canada's war effort and fully conscious of the importance of maintaining the home front, are urging the people to "give us a hand" to the community chests of the country, in the knowledge that not only will they be aiding the cause of humanity, but also will be helping directly and indirectly to bring the war to a successful conclusion.

The Observation Car

By THE EDITORIAL STAFF

Before They Exploded!
Dropping into the office the other day, just long enough to fill his fountain pen, the Keating Squire was heard to remark: "If all the bombs that the Germans have dropped on London were dumped in the middle of the Atlantic Ocean—it would be a good place for them."—W.I.P.

Water on the Brain

Arthur, the scribe, found the City-Cat Bay water rate dispute too much for him. After painfully deciphering forty-eight pages of notes from the hearing, he tottered to what he thought was a Gonzales Bay street car with a viols of a pipe, carpet slippers and fireplace at home. A few minutes later he awakened from his reverie, the juggernaut soon informed him way to the conductor. "Where am I?" he asked. "What number street car is this?" The pilot of the car with a start made him that he was on a Mount-Boomer tram about to pass the nurses' home. Another newshawk covering the same hearing dashed out of the City Hall to see if the bluecoats had tagged his car. With great relief he noticed no ticket all-outset against the crime on his windshield, but another machine at the rear of his chariot bore one of the ominous signs. He noted the number of the car and passed around a note at the hearing to see if it belonged to some person present, but all denied ownership. A few minutes later the scribe was struck between the ears by a premonition. He rushed out and found a parking ticket on his own car.

In a recent interview Herbert Hoover remarked, "The major strategem of the war is just what it was last time: who starves first." According to a news item, United States rubber companies have perfected several kinds of satisfactory synthetic rubber. We know a restaurant that uses it under the name of steak—G.B.

TIMBER SCALE IS STEPPED UP

B.C. Saw Log Output for Nine Months Is 2,586,000,000 Board Feet

British Columbia's official log scale for the first nine months of this year showed an increase of 233,000,000 board feet, according to the Provincial Forest Service yesterday. The total saw log scale was 2,586,000,000 board feet, compared with 2,333,000,000 board feet.

The corresponding period last year, September production was 339,000,000; or 110,000,000 board feet more than in September, 1939. C. D. Orchard, assistant chief forester, said:

ADMIRAL DAY
TOTAL LOSSBritish Columbia Member of
Freighter's Crew Tells
Of Shipwreck

An account of the recent shipwreck of the S.S. Admiral Day on Canton Island, Phoenix Group, in the South-Sea north of Fiji, is told in a letter received from a British Columbia member of the crew. The Admiral Day loaded for Australia at British Columbia ports in August last. The ship developed trouble with her deck load of lumber between here and Honolulu and finally ran ashore on September 18. The letter states:

WAKE UP YOUR
LIVER BILE—And You'll Jump Out of Bed in the
Morning Rarin' to Go

The liver should pour out two pints of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks pink.

stop sneezing

Check that cold when it first appears. Heat Minard's Liniment and rub it into nostrils and forehead, throat and chest. It penetrates, soothes, checks inflammation, relieves sprains, muscle soreness, rheumatic pains, too. Get a bottle today, and keep it handy.

Young men from British Columbia are still going to England seeking service with Britain's flying force. Some of them work their way, others pay their own passages. Alex Thomas and Norval Nichol joined a freighter at Port Alberni; and S. D. Ashby, Duncan, proceeded to England in the regular way. Ashby and Nichol are training for pilots, and Thomas as a flight mechanic. Captain H. Seymour-Biggs assisted the lads, saw that they had medical examinations and all necessary papers ready before they left Victoria.

WASHINGTON
MILLS IDLELumber Operations Unable
To Get Logs Because
Of Labor Troubles

SEATTLE, Oct. 21 (AP).—Twenty-one mills and logging operations in Washington remained closed today because of the strikes, with an estimated 4,500 men idle.

The strikes:

In the Aberdeen-Hoquiam area, by tugboat workers, belonging to the C.I.O.-Inland Boatmen's Union, affecting about 1,200; three mills and three logging camps down.

In the Olympia-Shelton area, by C.I.O.-Boat Men and Riggers' Union, affecting about 2,200; three mills closed.

In Tacoma, by the A.F. of L.-Lumber and Sawmill Workers' Union, affecting about 800 men; twelve mill operations closed.

The walkout of fifty employees caused three mills to close in the Gray's Harbor area, because of the inability to get logs and three logging camps shut down because they were unable to ship by tugboat. Several other mills reported they had only a limited supply of logs on hand and would have to close within a week, unless the strike was settled. Additional closures would bring the total of men affected to around 5,000.

Contraband Cargo
Is Removed From
Japanese Vessel

HAMILTON, Bermuda, Oct. 21 (AP).—British authorities removed 1,800 tons of contraband from the Japanese freighter Durban Maru, which sailed today for the United States after a four-day halt here for examination of her cargo.

The nature of the goods removed was not disclosed. The Durban Maru was en route from Lisbon.

Making Endeavor to
Remain in Canada

WINNIPEG, Oct. 21 (CP).—A grizzled French sea captain, Edward Desdemaines-Hugon, today was on his way back to a native land to which he does not wish to return.

Ordered back to France by the Vichy Government after his boat was detained by Canadian naval authorities in Vancouver, the sixty-one-year-old mariner passed through Winnipeg during the week-end, together with five of his seamen.

Unless he is successful in obtaining permission to remain in Canada, as he said he was trying to do, Captain Desdemaines-Hugon will sail from New York Thursday.

"I would like so much to stay in Canada," he said, "I would like to bring my wife here from Marseille. We would not be a charge on the country. I am of use as a sea captain."

He showed a letter from his wife, in which she told of standing in line for three days from 3 a.m. onward to receive four ounces of butter.

OTTAWA, Oct. 21 (CP).—Immigration officials said tonight that Edward Desdemaines-Hugon, French sea captain who passed through Winnipeg en route back to France, must have been given the choice of being repatriated or remaining aboard his ship while it was used in the Allied cause.

At Winnipeg, the sixty-one-year-old captain said he was trying to obtain permission to remain in Canada, because he did not want to go back to France.

The immigration officials said they could not understand why Captain Desdemaines-Hugon was going back, unless it was by his own choice. His ship had been detained by naval authorities in Vancouver. In each case of that kind, captain and crew were given a chance to decide whether they would return to France or not, immigration officials said.

Cannot Be Announced

OTTAWA, Oct. 21 (CP).—Due to the international situation, the sailing times of ships carrying mail to other countries for the Christmas season cannot be announced, the Postoffice noted in its weekly bulletin.

The department said persons wishing to post correspondence to countries abroad should do so as soon as possible as delay in the transmission of mails might occur.

AIR ACE KILLED

LONDON, Oct. 21 (CP).—A Czech ace of the Royal Air Force, identified only as Squadron-Leader "Joseph P.", was credited with a bag of twenty-seven German planes, was killed early this month. It was announced officially today.

Kenneth Campbell, Onetime University School Student, Dies With R.A.F.

News of the death of a former student of University School, Kenneth Campbell, who was killed in a letter received here yesterday by George Y. Simpson, Gordon Head, an old neighbor, from Dr. Campbell.

Particulars about the death of the former Victoria student are contained in a letter received here yesterday by George Y. Simpson, Gordon Head, an old neighbor, from Dr. Campbell.

The letter reads: "I have a sad story to relate to you, that Kenneth, my eldest son, lost his life in the R.A.F. on July 29, his twenty-eighth birthday. It has been a great loss to us all, but out of our sorrow there emerges a great pride in what he has done. He never faltered, for he was always keen, always happy in the R.A.F., and seemed bent on doing everything that was required of him—and much was required. We were proud of him, before, but even prouder still now."

Speaking of the general war situation, Dr. Campbell remarks: "The spirit of this country is wonderful, but after all it is only natural that the people of Britain and the Empire should show such determination as they are showing when so sorely tried by a lot of things across the Channel. With such will and such resources at our disposal, we know that Germany will be defeated again—and I hope properly this time, and not like the last."

BADLY HOLEDSmall Possibility of Refloat-
ing Director II—Expedi-
tion Ship Total Wreck

MELBOURNE, Oct. 21 (AP).—The auxiliary schooner, Director II, which ran aground on a reef at Port Curtis, Queensland, yesterday, is completely submerged today, badly holed, and the practicability of salvaging the vessel is doubted.

The schooner was cruising the Pacific Islands under the auspices of the American Museum of Natural History on an expedition which is intended to return to the United States in 1941, via the Dutch East Indies and the Philippines.

It was announced today that all the expedition's records had been saved, but its equipment is lost.

An attempt will be made to refloat the schooner, but if that effort fails, another vessel will be bought in Australia so the expedition may continue.

Doubt Thrown on
Authenticity of
Written Message

SEATTLE, Oct. 21 (AP).—Coast guard division headquarters reported today that a bottle containing a note saying "Stranded on Rapa Island," and signed "Blind Luther, Enr.," was found Saturday on the beach near the coast guard station at Port Angeles, in the Strait of Juan de Fuca.

The note was written on a piece of cardboard, dated "1928" and gave a position of "latitude 45, longitude 19 degrees."

Coast guardsmen were unable to state whether it was the work of a prankster, but pointed out that Rapa Island is in the Southern Tubaui or Austral Islands, of French Oceania, south of Hawaii and west of Australia, and far from the latitude and longitude given in the note.

The immigration officials said they could not understand why Captain Desdemaines-Hugon was going back, unless it was by his own choice. His ship had been detained by naval authorities in Vancouver. In each case of that kind, captain and crew were given a chance to decide whether they would return to France or not, immigration officials said.

Hear Travel Talk

At the monthly meeting of the Dickens Fellowship, Victoria Branch, No. 113, in the association clubrooms last night, a large turnout heard a vivid description of an eastern trip made by two of their members.

Recently returned from a motor trip to Eastern Canada, Mr. and Mrs. G. R. Thomson recounted their experiences on their eight-month pleasure trip.

Mrs. Thomson told of the different Dickensian contacts made on the journey, with particular regard to the fellowship branches in Toronto and Vancouver. Mr. Thomson dealt with the trip itself, describing the country they passed through.

The meeting was under the chairmanship of Captain Wilfred Ord.

MY WIFE OUGHT TO BE A NURSE!
She is a marvel at relieving sore muscles and stiff joints

Knowing just what to do in cases of pain or discomfort, has endeared many a wife in her husband's eyes. Most women who are good at nursing, use Sloan's Liniment. "Nothing quite so good as Sloan's," they say, for home treatment of painful muscles, stiff joints, everyday aches and pains, or when a cold settles on the chest.

The reason for Sloan's quick relief is in the penetrating, stimulating warmth it brings to the stiff or painful part. And Sloan's does its work without rubbing. Just pat it on. It is not greasy. When used according to directions, Sloan's Liniment is active enough for adults—mild enough for children.

HOGS MOVING TO PACKERS

Volume Creates New Record For Canada—New Agreement on Bacon

OTTAWA, Oct. 21 (CP).—While Agriculture Minister, Gardiner and Hon. J. G. Taggart, chairman of the Canadian Bacon Board, are in London negotiating a new bacon agreement between Canada and the United Kingdom, the movement of live hogs to packing plants in this country has broken all records.

Advices from London to the Department of Agriculture indicate good progress is being made and an agreement may be reached this week both as to the amount of bacon the United Kingdom will take weekly from Canada and the price.

The existing agreement, which expires October 31, calls for the weekly delivery of 5,600,000 pounds of Wilshire sides, which includes both bacon and ham. The price is a flat rate of 18.01 cents a pound, with the understanding the grades will be as high as had been the practice where the exports were uncontrolled. The price was f.o.b. Canadian ocean ports.

PRICE TO BE LOWER
Possibility the price in the new agreement will be somewhat lower was foreseen today by department officials but they were hoping there would be no change.

One of the arguments for a lower price which the British Food Ministry no doubt will use is the difference in price for live hogs in Canada and United States markets as a result of the agreement. Today live hogs in Toronto brought a top of 9 cents and in Chicago 6.50 cents, which gives the Canadian farmer an edge, even considering the 12.48 per cent exchange differential between Canadian and United States dollars.

On the other hand, United States prices are abnormally low and experts here say they are likely to become as high as, or higher than, present Canadian prices during the lifetime of the new agreement.

During the week ended October 17, Canadian farmers marketed 124,816 hogs, which market experts say is an all-time high. In the corresponding week last year the total was 78,000.

THE EXPORT TRADE
Estimating that each hog will produce 120 pounds of Wilshire sides, last week's marketing would have been close to 15,000,000 pounds, of which domestic consumption would absorb around 5,000,000. Accordingly, Canada will be able to take care of an export trade considerably in excess of 5,600,000 pounds weekly, even allowing for the lower marketings in the winter and summer months.

Departmental officials say much of the increase comes from the Prairies, where farmers find it advantageous to feed their hives, oats and feed wheat to pigs instead of delivering it to the elevators. This has proved a happy circumstance in the West, where the elevators are crowded with wheat.

Efforts also are being made in London by the Canadian representatives to encourage the export of lard. When Wilshire sides are exported, lard remains in Canada and departmental officials here say the surplus is reaching substantial proportions, although so far there has been no cause for uneasiness.

TURKEY WARNS OF PRESSURE OF AXIS

ANKARA, Oct. 22 (AP).—The news commentator of the Turkish radio charged tonight "Germany and Italy and their tool, Hungary, daily are putting more pressure on the Balkans." Discussing Yugoslavia's new trade treaty with Germany, the radio commentator said: "Today Yugoslavia eats only black bread, and at that state, in order to keep down consumption. The question where political collaboration will lead Yugoslavia is an important one."

SAYS RED PLAN MAJOR SCANDAL

Martin Dies' New Book Tells Of Communist Activity in United States

NEW YORK, Oct. 21 (AP).—Representative Martin Dies, Texas Democrat, reviewing in a book published today the two-year investigation of his Congressional Committee on Un-American Activities, charged the Communist party has obtained "tremendous patronage and influence in our Federal Government." "When we reflect," he commented, "that the Communist party is nothing more nor less than a foreign-controlled conspiracy aimed at the destruction of our form of government, the story of Stalin's infiltration into official Washington must be viewed in its true light as one of the major political scandals of American history."

THE TROJAN HORSE
Dies charged in the book, "The Trojan Horse in America," that "Communist Trojan horses"—organizations which, he said, always denied Communist control—have been set up to "lead" for American youth, for the unemployed, for negroes, and had penetrated labor unions and Government itself.

He said "Trojan horse" groups often invited distinguished American citizens to address them, on the theory their presence established "innocence by association."

"The first lady of the land," he said, "has been one of the most valuable assets which the Trojan horse organizations of the Communist party have possessed, due to the immense prestige which her sponsorship has conferred upon them."

Women Protest Reception Given to Victoria Soldiers

Local Council Passes Resolution Scoring Authorities for Failure to Provide Proper Camp Facilities for Local Contingent

The "most alarming" lack of proper facilities found at an Eastern Canadian military training camp by the last troops which left Victoria a few weeks ago was the subject of protest at the October meeting of the Local Council of Women held yesterday, at the Y.W.C.A.

A resolution sponsored by Mrs. I. Fleming, seconded by Mrs. Blair Reid, asked that the Victoria Local Council send a strong letter of protest through the National Council to the Federal Minister of Defence. "No that it will help this particular group of men, but it may avert such a thing happening again," said Mrs. Fleming, in sponsoring the motion. A great many of the boys of this unit had just left hospital before they went away, and it was a shame that they should have to put up with such poor accommodation as was reported at the camp in the East, where they had to walk some distance to a stream to wash and shave because there was no water in the camp; where there were no proper sanitary or lighting arrangements, inadequate beds, and all-round lack of proper facilities.

Mrs. Blair Reid said that the explanation given was that the troops were not expected to reach the camp until late in October. But that was a poor excuse. This fact must have been known to the authorities, and the boys in that event should not have been allowed to leave Victoria until the camp was ready for them.

The resolution was endorsed. The meeting endorsed the action of the executive in protesting against the departure of a shipment of bar lead to Japan. Mrs. A. E. Hopkins, acting president, and Mrs. Alfred Carmichael, general secretary, were asked to prepare a letter of protest to the Federal Minister of Defence.

Government. R. W. Mayhew, Victoria member at Ottawa, and Mrs. Rolston, provincial president, had also been contacted. By this time a statement had appeared in the press to the effect that no more permits for shipment of bar lead to Japan would be given. But this did not specifically say that there would be no more shipments. Mrs. Madge Hall, corresponding secretary, read the council's protest sent to Mr. Mayhew, and the council, on motion of Mrs. Kenneth MacAllister, endorsed the action of the executive.

Correspondence included a letter from Mrs. J. W. Gibson, the president, submitting her resignation, as her husband's duties, she said, would probably keep him in Ottawa until December. The secretary was instructed to write Mrs. Gibson that the council accepted this notification with regret, and Mrs. A. E. Hopkins, vice-president, was asked to carry on as president.

AUTUMN MEETING
Members were notified that the Autumn meeting of the Provincial Council would take place in Victoria on Monday, November 14, at the Y.W.C.A. There would be the usual three sessions, the tentative agenda showing an executive meeting at 9:30 a.m., followed by the opening morning session at 10 o'clock, when minutes, correspondence, treasurer's report, resolutions and discussion of proposed constitution would constitute the business. The afternoon session would include reports of various Local Councils of the province, an address by Dr. G. F. Amyot, provincial secretary of health, and unfinished and new business. The evening session would be devoted to the preparation of briefs for presentation to the Provincial Cabinet on the following morning.

The following will represent Victoria Local Council at the provincial meeting: Mrs. A. E. Hopkins, Mrs. Madge Hall, Dr. Olga Jardine, Mrs. D. L. MacLaurin, Mrs. Alfred Carmichael and Mrs. I. Fleming. Mrs. Llewellyn was appointed con-

Helping With Plans for Tea

MISS BETTY MACMURRAY

Who is helping with the plans for the Norfolk House Old Girls' Association silver tea in aid of the Red Cross, which is to be held at the school boarding house, 615 St. Charles Street, tomorrow. All those interested in helping the Red Cross are cordially invited.

NOVEMBER MEETING

Owing to the regular meeting day in November falling on Remembrance Day, a statutory holiday, the next meeting of the council will be held instead on Monday, November 4. The council will follow its usual practice of placing a wreath on the Cenotaph on Remembrance Day.

Affiliated societies' representatives reported concerning the attitude of their organizations on the matter of abolishing war canteens for the period of the war. Fourteen endorsed the resolution favoring this; five voted against; fifteen did not vote; ten were not represented.

Miss Crescor, convener of the standing committee on health, reported concerning the activities of the cancer control committee, which had done practically nothing since organization; the regulations concerning sterilization of hairdressing parlors; splitting in the streets; garbage disposal, and other sanitary matters. The council endorsed a motion that the city health authorities be conferred with. Mrs. Hopkins reported that the council's jam-making effort had resulted in about 3,000 pounds of jam being made and stored. A collection taken toward payment of certain cartage expenses amounted to \$11.53. Mrs. Hopkins and her committee were heartily thanked for their splendid work.

RED CROSS

SHAWNIGAN UNIT

A meeting of the committee and workers of the Shawnigan Unit was held on Saturday afternoon at the home of Mrs. W. E. Fraser, with the president, W. Maitland, presiding. A letter from headquarters asking for workers to make up refugee and evacuee garments was read, and the secretary was instructed to send immediately for material for same. It was decided to call the workers to the workrooms on Wednesday, October 30, when it is hoped both material and a sewing machine will be available. Members were asked to be on the lookout for a machine. Arrangements will be concluded shortly for the financial drive to be made November 4 to 11.

COBBLE HILL UNIT

A very successful card party was held in the Cobble Hill hall on Friday evening under the auspices of the Cobble Hill Red Cross Unit, when twenty-six tables of bridge, cribbage and five hundred were enjoyed. From the proceeds of the party, including a popular contest, the unit was able to turn over to its headquarters the gratifying sum of \$146.91. Contest prizes were won as follows: Radio, L. E. Rice, Chemainus; a Royal Academy painting, Mrs. D. Kennedy, Linden Avenue, Victoria; cutwork cloth, Miss L. E. Barron, Duncan. Winners at cards were: Bridge, first, Mrs. P. T. Elford and M. Dunnet; cribbage, first, Mrs. G. Mackay and J. S. R. Green; five hundred, first, Mrs. G. Ellis and B. Luckovich.

LANGFORD JUNIORS

The Junior Red Cross Helpers of the Langford school recently elected their officers as follows: Division I, president, Jack Taylor; vice-president, Ritchie Le Gendre; secretary, Alice Rodgers; treasurer, Deane Deane-Freeman; programme convener, Viola Savage; Ethel MacDonald, Paul Boyce; health convener, Lois Brain, Anne Marie

Silver Tea Is Planned By Juniors

At a meeting of the Queen Alexandra Solarium Junior League last evening, the president, Mrs. R. D. McCullough, in the chair, preliminary plans were made for a silver tea at the home of Mrs. Walter C. Nichol, Rockland Avenue, on Saturday, November 23. Mrs. K. J. Davis will act as general convener, with Mrs. E. Horsman, Mrs. Denis Humphries, Miss May Cullum and Miss Eve Lytton as the committee.

It was announced that tonalony equipment has been purchased and forwarded to the Solarium.

Miss Helen Eve, convener of the committee in charge of the Farmerettes Box Social, to be held on Tuesday, October 29, at the Royal Victoria Yacht Club, told of plans in connection with the dance. Tickets may be obtained from members.

A rummage sale will be held on Saturday, November 9, with Miss Patricia Penzance and Miss Barbara Kennedy in charge, assisted by Miss Owen Watkins, Miss Margaret Mosey, Mrs. A. Kitchley, Mrs. Denis Sweeting, Mrs. Alan Mayhew, Miss Jessie McDonald and Mrs. C. W. Chapman as the committee.

SOLARIUM PENNY BOXES
The Solarium penny boxes which have been placed in a number of local stores and banks will be continued this year and the following committee has been appointed in charge of them: Convener, Miss Nan Eve, Miss Phyllis Baylis, Miss Marjorie Cloke, Miss Patricia Penzance and Miss Yvonne Archibald.

Members were reminded to collect Camay, Chilpro and Crisco wrappers, as well as silver paper, the sale of which will augment the auxiliary funds.

The cloak checking arrangements at the recent Don Cossack concert at the Royal Victoria Theatre yielded the sum of \$10.52, and the penny jar at the meeting, 70 cents, it was reported.

Clubs Societies

Seamen's Institute
Financial assistance for the seamen's institutes in England which have been damaged by Nazi air-raids was discussed at the meeting yesterday afternoon of the Ladies' Guild of the Connaught Seamen's Institute. It was decided to try and raise funds which will be sent back to England for this work. Mrs. Vernon Thomson, the president, was in the chair. Mrs. J. Quinn and Mrs. H. Cotter reported having visited many men in hospital during the last few weeks, distributing smokes, fruit and magazines. Miss de Trafford, vocal convener, reported having on hand thirty-three pairs of socks, ten sweaters and eleven scarves. She said that a friend had presented six pairs of socks to the institute. Fifty pounds of wool had been purchased. Mrs. R. Shanks, house convener, reported coal and wood had been purchased for the institute's winter needs. A tea in aid of the guild funds will be held at the institute on Wednesday, November 20. Mrs. R. W. McMurray was appointed general convener and Mrs. Quinn will be in charge of the tea. Reports read showed that sixteen ships had been visited during the month; that twenty-eight cadets had registered at the institute. Forty-five bundles of literature distributed, forty-eight letters posted.

Daughters of England
Princess Margaret Rose Lodge, No. 40, Daughters of England Juveniles, will hold its monthly meeting on Wednesday in the S.O.E. Hall, Broad Street, at 6:30 p.m. All members are asked to attend as arrangements will be made for the sale of work.

Britannia Branch W.A.
The W.A. Britannia Branch, No. 7, Canadian Legion, will hold a cribbage social in the clubrooms, View Street, this evening at 8 o'clock. Refreshments will be served.

Centennial Guild
At a recent meeting of the Ladies' Guild of Centennial United Church, Mrs. W. McCague presiding, plans were made for the fifty-fourth anniversary dinner of the Centennial Church on October 28.

Butch stood before the magistrate.
"You are accused," droned the magistrate, "of walking into a restaurant, smashing the furniture, striking the waiter, and resisting arrest." He looked up. "How do you plead—guilty or not guilty?" Butch blushed. "You shouldn't ask me that," he murmured. "I'm prejudiced!"

Social and Personal

Party for Bride-to-Be

Mrs. Hugh Clarke, 3112 Quadra Street, entertained on Saturday evening at a cup and saucer shower for Miss Kathleen Irvine, an October bride-to-be. The guest of honor was presented with a corsage bouquet of red and white carnations and received the many lovely gifts which were concealed in a daintily decorated box, on which were the notes of "The Wedding March," the bride-to-be being a well-known music teacher. Mrs. Adele Ramsay sang "Until," and Miss Eileen Clarke played piano solos. A buffet supper was served from a daintily appointed table, with a cut glass bowl of white chrysanthemums in the centre and flanked by red and blue tapers in cut glass candelabra, and from the chandelier hung streamers of red, white and blue. A two-tier wedding cake, made by Mrs. R. Dalziel, was cut by the bride-to-be, and each guest was presented with a corsage bouquet tied with patriotic colors, and favors and placecards were anchors and miniature flags in compliment to the groom-to-be, Mr. J. Layfield, who is in the navy. The following guests were present: Mesdames O. Randy, A. Barry, M. Wiley, J. Wiley, R. Dalziel, C. Goodwin, A. Ramsay, G. E. Day, G. W. Davy, N. Layfield, C. Cunningham-More, C. M. Parrot, A. Dods, A. MacDonald, Misses Sylvia Grist, Bernice Unwin, Muriel Parrot, Bernice Davy and Eileen Clarke.

Gifts Presented

Mrs. Kenneth Simpson entertained the members of her sewing club recently in honor of Miss Eileen Robinson, whose marriage to Mr. Fred Simmonds will take place this Saturday, the gifts taking the form of a Pyrex shower. A corsage bouquet of chrysanthemums was presented to the bride-to-be. Refreshments were served by the hostess, assisted by Mrs. J. Chapman and Mrs. R. Clark. Those invited were Mesdames George Ross, T. Simmonds, C. Burgess, G. Robson, J. Chapman, R. Clark, R. Taylor and Miss Mary Simmonds. Miss Robinson was again the guest of honor recently at a surprise miscellaneous shower given by Mrs. George Ross, Miss Mary Simmonds and Mrs. William Erith at the latter's home on Richmond Road. Corsage bouquets of roses, carnations and violets were

presented to the bride-to-be and to Mrs. T. Simmonds. The gifts were concealed in a large Halloween pumpkin. Refreshments were served by the hostesses, assisted by Miss Rose Easton. The invited guests were Mesdames J. Dixon, H. Peard, T. Simmonds, D. Davidson, G. McMorran, R. Gough, W. Easton, K. Cronk, R. Taylor, V. Peddie, N. Camstus, P. Caine, H. Patterson, G. Newstead, E. Lindsey and Misses G. MacKay, E. Stowell, F. Peddie, R. Easton, G. Hedden, B. Martin and E. Davis.

Wedding Anniversary

Mr. and Mrs. John Stewart, 1423 Fernwood Road, celebrated the twenty-fifth anniversary of their wedding on Saturday evening. The rooms were prettily decorated with autumn flowers, and on the table was a two-tier cake with pink and white tapers in silver holders. Mrs. John Stewart assisted Mrs. Stewart in cutting the cake, and Miss Margaret Hamilton and Miss Beth Ramsay assisted in pouring the evening tea. During the evening Mr. and Mrs. Stewart were presented with a case of flat silver and an inscribed silver tray, together with other gifts. A musical evening was much enjoyed. Those present were Mr. and Mrs. R. F. Stewart, Mr. and Mrs. G. Swaine, Mr. and Mrs. W. C. Petticrew, Mr. and Mrs. J. Naymith, Mr. and Mrs. D. Wallace, Mr. and Mrs. W. Dawson, Mr. and Mrs. A. Hunt, and Messrs. J. R. and A. Stewart, T. Allan and D. Corfield.

Miscellaneous Shower

Mrs. M. B. Mout was hostess last Saturday afternoon at a miscellaneous shower when, in honor of Miss Jean McDermott, whose wedding to Mr. Gordon A. McAfee, Purford Harbor, took place at Saanich yesterday, she entertained over thirty guests at the Log Cabin, Ganges. The cabin, which had been kindly lent for the occasion by Mrs. Patterson, was decorated in a color scheme of purple, gold and green, the flowers used being purple asters

and dahlias. On arrival, the bride-to-be was presented by little Lucy Rush with a corsage bouquet of pale and deep red roses. The attractive assortment of gifts was placed in a large inverted garden urnshade, which was decorated with frills of green and gold, and suspended from the ceiling. Refreshments were served at a long table adorned with flowers and prettily arranged with tea and coffee carried out in the prevailing shades. The hostess was assisted in serving by Misses Isabel Fyvie, Grace Mount, Marion Norton and Muriel Stevens, young friends of the bride-to-be.

Received Useful Gifts

Miss Esther Corness, whose marriage to Mr. William G. O'Connor takes place on November 1, was the guest of honor recently when Mrs. David Ewing, Stafford Street, entertained at a pantry shower. The living-room was prettily decorated with chrysanthemums in autumn shades, and here the bride-to-be was presented with a wicker basket filled with the gaily wrapped packages. Presents were played and much enjoyed, the prize winners being Mrs. R. Smart and Miss Vera Sinclair. A buffet supper was served later. The guests were: Mesdames J. O'Connor, T. Goldsmith, G. F. Corness, R. Smart, A. Hayward, R. Holland, D. W. Carter, G. M. Bernard, H. Woodford, W. Coutts, L. Howard, and Misses Iris Couch, Thelma Fenlon, Lucille Webb, Vera Sinclair and Mae Corness.

Miscellaneous Shower

Miss Phyllis Newton, a November bride-to-be, was the guest of honor at a miscellaneous shower given recently by Mrs. W. Holborn and her sister, Miss Janet Lambie, at the former's home on Niagara Street. A corsage bouquet of pink roses was presented to Miss Newton upon her arrival. The many lovely gifts were contained in a clothes basket prettily decorated in pink and blue. Refreshments were served from a table covered with a beautiful hand-drawn cloth, which was arranged with a cut glass bowl of pink chrysanthemums. The guests were: Mesdames J. Newton, Bain, A. Whyte, J. Broadwell, R. Anderson, W. Watkiss, H. Molyneux, T. Lambie, and Misses H. Proctor, V. Martin, V. Kilsby, H. Newton, D. Ritchie, M. Burns and T. Robertson.

Halloween Party
Mrs. J. I. Jarvis entertained on Saturday afternoon at the Three Dot Ranch, Langford, in honor of the tenth birthday of her son, John. Halloween colors were used in the decorations, together with bronze and yellow chrysanthemums. Ten school chums from Glenlyon School enjoyed an afternoon of riding, a treasure hunt, bobbing for apples and tea was served later.

Baby Christened

St. George's Church, Ganges, was recently the scene of a pretty little ceremony when the infant son of Mr. and Mrs. Victor Sholes, Salt Spring Island, was christened by Rev. G. H. Popham, vicar of the parish. The child received the names Donald George and the godparents were Miss Violet Murray.

A Slenderizing Jacket-Dress

By MARION MARTIN

How slim you look is what counts—not your actual measurement by pounds! Marion Martin proves this point in Pattern 9275, a style with all the freshness of youth plus the subtle flattery your figure requires. The graceful neckline is partly shaped by decorative shirring at either side. You might edge it with lace and sew tiny ribbon bows down the centre of the bodice to break up your "width-across." Two panels in the front skirt give slender lines. The short, loose sleeves are slashed for comfort. Wouldn't you love the long or short-sleeved jacket in a becoming color to pick up a print tone? Let the Sew Chart show you all the short cuts!

Pattern 9275 may be ordered only in women's sizes 36, 38, 40, 42, 44, 46 and 48. Size 36, dress, requires 3 1/2 yards 39-inch fabric. Send twenty cents (\$20) in coins (stamps cannot be accepted) for this Marion Martin pattern. Be sure to write plainly your size, name, address and style number. Send your order to The Daily Colonist, Pattern Department, Victoria, B.C.

Weddings

BLIGH-BELL

A pretty wedding was solemnized at St. Martin's-in-the-Field Church on Wednesday, October 16, at 8 p.m. when Rev. Canon Stocken united in marriage Adele Jane, only daughter of Mr. and Mrs. R. H. Bell, 170 Island Highway, and Mr. Stanley William Bligh, second son of Mr. and Mrs. J. O. Bligh, 2861 Inlet Avenue. The church had been decorated by friends of the bride with autumn flowers.

The bride was given in marriage by her father and wore an afternoon dress of "soldier" blue crepe, with a halo hat to match. Her bouquet was of pink roses and white carnations. Miss Joyce Bell, cousin of the bride, was the only attendant, wearing a dusty rose dress with a deeper toned jacket, and with a hat of the same shade. Her bouquet was of salmon pink carnations. Mr. C. D. Shaw was best man, and the ushers were Messrs. Richard Bell, Jr., and Steven Bligh. Mrs. Gilbert presided at the organ and played "O Promise Me" during the signing of the register.

The reception was held at Hampton Hall, where the bride and groom stood beneath a floral arch to receive the greetings of their friends. Assisting them was the bride's mother, in a wine-colored dress and hat, with accessories to match, and Mrs. C. D. Shaw, sister of the groom, in a navy blue dress and hat, with accessories of the same shade. Their corsage bouquets were of cream roses. Supper was served buffet-style from a long table, where the three-tier wedding cake stood at one end with silver candle holders either side. The toast was proposed by Mr. C. D. Shaw.

The happy couple left for the Mainland, and on their return will reside in their new home on the Island Highway.

Out-of-town guests were Mr. and Mrs. Leo Lepas, Nanaimo, and Mr. and Mrs. Gordon Bell, Malahat.

BROWN-NOAKES

The marriage took place on October 11 at St. Philip's Church, Montreal, Rev. Mr. Naylor officiating, of Winifred Irene, second daughter of Mr. and Mrs. A. O. Noakes, Port Street, Victoria, and Mr. James Rodrick Brown, only son of Mr. and Mrs. H. L. Brown, Regina. After a honeymoon at Mont Tremblant Lodge, in the Laurentians, Mr. and Mrs. Brown have taken up residence in Suite 1, Rembrandt Apartments, Northcliffe and Notre Dame de Grace Avenue, Montreal.

HOLT-MOFFAT

The marriage was conducted by Rev. J. L. W. McLean in St. Andrew's Presbyterian Church at 11 o'clock yesterday morning, between Anne M., only daughter of Mr. and Mrs. J. S. Moffat, 1325 May Street, and Mr. Gordon Holt, only son of Mr. and Mrs. G. Holt, Nanaimo. Mrs. Fred Wilmshurst played the wedding music, and as the register was being signed, Miss Lily McDonald sang "At Dawning."

The bride wore a beige dressmaker suit trimmed with brown fur, a brown hat and accessories, and a corsage bouquet of Talkman roses and carnations. Miss Aileen Freethy, Nanaimo, was bridesmaid in a wine dressmaker suit, with green accessories and a corsage bouquet of pink carnations, and Mrs. William Scott, Vancouver, was best man. Vases of pink chrysanthemums and pink dahlias were used in decoration of the church.

Baskets of pink and white chrysanthemums adorned the reception rooms at the home of the bride's parents, where Mrs. Moffat welcomed the guests in a "soldier" blue ensemble, with a corsage bouquet of pink carnations, assisted by Mrs. Holt, in a light navy blue dress, with wine accessories and a shoulder spray of white carnations. The bride and groom stood under a pink and white arch and bell to receive the greetings of their friends, and

A.R.P. DIRECTOR
CONFERS HEREDr. W. L. Gliddon, Ottawa,
Consults With Civilian
Protection Officials

On his first visit to the Pacific Coast as Dominion director of air raids precautions, Dr. W. L. Gliddon, of Ottawa, spent Saturday here conferring with provincial A.R.P. officials and looking over the organization in Victoria and vicinity.

He was accompanied here by Inspector S. F. M. Moodie, Vancouver, provincial A.R.P. director, and came in an advisory capacity, he said, to aid in building up civilian protection work. A.R.P. activities, he explained, were on a voluntary basis, but the Dominion furnished supplies when required.

Dr. Gliddon and Inspector Moodie paid a courtesy call on Premier T. D. Pattullo at the Parliament Buildings and conferred with E. W. Griffith, chairman of the provincial Civilian Protection Committee. Afterward they visited Work Point Barracks, where they discussed plans with Brigadier C. V. Stockwell, D.O.C., and military staff officers.

They returned to Vancouver last night, but Dr. Gliddon will be back in Victoria again towards the end of this week, when he will confer with city officials and local A.R.P. officers.

Hockey Clubs Open Annual Series of Exhibition Games

Major League Sixettes Rounding Into Shape for Season's Opening Next Month—Rangers, Canadiens, Bruins and Red Wings Triumph—Youngsters Show Up Expectationally Well

WINNIPEG, Oct. 21 (CP).—New York Rangers staged off a last-period rally by New York Americans to defeat Red Dutton's rejuvenated squad 5-2 in a pre-season exhibition hockey match.

Five amateur recruits sparked the Amerks in a game fight, but could not match the smooth play of the Stanley Cup champions, who ran in all their goals before the Americans countered once.

Rangers went out in front 3-0 in the first period on goals by Lynn Patrick, Babe Pratt and Ott Heller. Late in the second Pratt found the net again and shortly after the third period opened Bryan Hextall punched in the last Ranger goal.

Lorne Carr put the Americans in the scoring column half way through the final frame but the sport was halted after Bus Wycheley, amateur recruit from Saskatoon, combined with Pete Slobodian, former Regina amateur, to add the other American tally.

Wycheley, Billy Benson (Winnipeg) and Sque Allen (North Battleford, Sask.), Americans "kid line," showed plenty of speed but lacked finish, while Jack "Peasut" O'Flaherty, former Toronto simon pure, was dangerous at right wing, working with Buzz Boll and Harvey Jackson.

CANADIENS TRIUMPH
ST. HYACINTHE, Que., Oct. 21 (CP).—The made-over Montreal Canadiens, with eight new faces spotted through the line-up, won their first test by defeating New Haven Eagles, of the American Hockey League, 5-2, before close to two thousand fans.

Five of the newcomers were amateurs who have been training with the National Hockey League club for the past two weeks. John Gully of Ottawa; Ken Beardon, of Edmonton; Conny Tudin, of Lachine, Que.; Elmer Laak, of Moose Jaw, Sask. and Joe Benoit, of Trail, B.C.

Cornell's Football Team Still Top; Irishmen Second

NEW YORK, Oct. 21 (AP).—Cornell's football team, still riding high as the United States' No. 1 college eleven in the eyes of the experts, was challenged from a new quarter today in the second classified Press ranking poll of the season.

Texas A. and M., top team a year ago and runner-up last week, gave way to Notre Dame as the Irish, off their 61-0, 87-man romp over Carnegie Tech. on Saturday, zoomed from sixth place into second.

The rankings (points figured on 10-9-8-7, etc. basis):
1. Cornell, 1473; 2. Notre Dame, 1152; 3. Michigan, 1040; 4. Texas A. and M., 1037; 5. Tennessee, 980; 6. Minnesota, 917; 7. Northwestern, 892; 8. Penn. State, 879; 9. Stanford, 850; 10. Boston College, 834.

CAGE FIXTURES BILLED TONIGHT

Three City League Basketball Games Carded at High School

Another triple basketball programme will be presented this evening at the Victoria High School Gymnasium with junior, intermediate and women's quintettes swinging into action. First game will get under way at 7 o'clock.

Tonight's curtain raiser will bring together Fairfield Ramblers and K.V.'s junior cagemen, while the second encounter will see Cloverdale Aces and Fairfield Intermediate "B" squads in action.

Aces and Navy, Intermediate "A" squads, previously scheduled to play this evening, will go into action Saturday at the Sports Centre. The Cloverdale-Fairfield fixture is being played tonight, replacing the Aces-Navy game.

The evening's nightcap, a women's tussle, will see Bob Whyte's Adverts opposing Wally Yeamans' Young Unitys.

Saturday's card at the High School Gymnasium has also been changed. K.V.'s and Chinese Students, Intermediate "B" boys, will play in the second tussle, and Young Arrows and Chinese Students junior squads will perform in the nightcap.

GRIDDER UNDER DOCTOR'S CARE

Tony Golab, Ottawa Half-back, May Be Out For Season

OTTAWA, Oct. 21 (CP).—Tony Golab, Ottawa Rough Riders' great punting half injured in Saturday's Ottawa-Toronto "Big Four" football game, was under a physician's care at his home today with slim chance of getting back in the game this season.

Dr. Andy Davies, Rough Riders' physician, said Golab suffered bruising in the small bones that protrude from the second, third and fourth lumbar vertebrae when he was brought down in the fourth quarter of Saturday's game.

The team's business manager, Jim McCaffrey, said Tony would probably have to wear a brace on his back and have complete rest at his home for at least four weeks.

The Riders' executive charged that "piling on" was responsible for the injury and demanded an inquiry into the incident. They scheduled a meeting for today to draw up a formal protest to the league.

Salmon Derby Is Billed Up-Island

Announcement of the Cowichan Coho Salmon Derby on Saturday and Sunday, October 26 and 27, was made Saturday by Up-Island officials. Special prizes will go to lucky anglers making the largest catch on any lure, and other awards will go to fly fishermen.

Fish will be collected each evening from the boathouses and wharves, and all salmon caught will be donated to the Evacuees Canning Committee, Duncan.

Frank Thomas Wins Amateur Golf Title For the Third Time

Fifty-Six-Year-Old Shotmaker Tops Field in City Championship—First Won Laurels in 1922, Repeating Two Years Later

Eighteen years ago, the Summer of 1922 to be exact, Frank Thomas, then a veteran at the game at the age of thirty-eight, captured the city golf championship from one of the largest fields in history. Two years later, just to prove that his win was nothing out of the ordinary, Thomas repeated in the same tournament. The well-known Victoria plasterer hasn't been heard of in recent years on the links, although his name popped up here and there in minor competitions. Last Sunday, at the Colwood course, Frank Thomas came to the fore again at the age of fifty-six, when he shot a neat round of 76, which, with his first eighteen of 75, gave him the city crown once again with a total of 151.

While the hot favorites such as Ted Colgate, Harold Brynjolfson, Jim Squire, Alan Macey, Brian Hunnings, Bill McDermid, were slipping fast as the final round continued during the day, Thomas continued along in a steady gait, posting par after par, to sneak in a winner when most of the experts gave him little thought. "It was a popular victory," was the unanimous opinion at the "nineteenth" hole when the shotmaking ceased for the day.

HORSMAN SECOND
Finishing in second position came Ed Horsman, young left-hander, who added a 77 to his first eighteen of 75 for 152, while Gordie Verley and George Bigelow were next with 153's. Verley had 75 and 78, and Bigelow shot a 76 to go with his first round. Jim Squire, first day leaver, with a 72, used up ten more strokes Sunday, while Bill McDermid soared to an 82 after turning in a 72. Brynjolfson blew himself to an 82, as did Bob Simpson, while Colgate scrambled all over the course and finally wound up with an 81, which put him nine strokes back of the pace-setter at the finish.

BATTLE TO DRAW
NANAIMO, Oct. 21 (CP).—The invading St. Andrews club from Vancouver played to a three-all draw with Nanaimo here, Sunday, to go into a tie with the Vancouver Radials for leadership of the Pacific Coast Soccer League.

Nanaimo, aided by the wind and having the advantage of the sun at their backs, took a 2-0 lead in the first half, but the Saints came back with a rush to tie the game at 2-2 within two minutes of play in the second period.

The Vancouver club went ahead to take the lead, but Nanaimo came back strongly to score again, sending the game into a deadlock which neither side was able to break.

The first score came when Tantrum, of Nanaimo, took a pass from Gold and banged it into the Vancouver net. Nanaimo's veteran goalkeeper, "Uke" Gray, made it 2-0 when he scored on a penalty shot, given against McLatchy, of the Saints. Vancouver's protest that the ball had played the man was not allowed.

The Saints went into the second half down 2-0, but were not long in overcoming this. Their first goal came when Stormess, passed to Webber, who gave the ball to Ambler for a score.

SAINTS TIE SCORE
Less than two minutes later Webber passed to Greig after out-guessing the only Nanaimo back between them and the goal, and Greig put the ball into the net to tie the score.

Ambler, scoring his second goal of the day, put Vancouver one up when he took Hyslop's pass and shot the ball into the corner of the net, sending the visitors into the lead.

Nanaimo, however, came back to tie the score again, when Tantrum let loose with a high, speedy shot that beat the Saints' goalie. The score was the result of clever ball work by Easterbrook, Kilbey and Tantrum.

Vancouver pressed and had several scoring opportunities late in the game, but were unable to beat the Nanaimo goalie.

Line-ups:
St. Andrews—Newbolt, Stormess, McLatchy, Hyslop, Henderson, Goodheart, Greig, Thompson, Webber, Kovsky, and Ambler. Sub: McGeechay, Manzer and Stephens.
Nanaimo—Johnston, Davis, Edmunds, McGregor, Thomson, Gray, Easterbrook, Parks, Gold, Tantrum and Denton. Sub: B. Watson, A. Watson and Kilby.
Referee: J. Norman.

COLLEGIANS IN FINE TRIUMPH
Brentwood College Ruggers Trounce R.C.A.F., 30-0, In Exhibition Game

Brentwood College swept to a clean-cut victory over the R.C.A.F. ruggers on the former's ground on Saturday by a score of 30-0. Brentwood controlled the play for the most part throughout the match. Although the boys from the Patricia Bay station tried hard, they were unable to score on their more experienced opponents. But what they lacked in the knowledge of the game, they made up for in enthusiasm, displaying the true Air Force spirit.

S. Angus opened the scoring for Brentwood shortly after the initial whistle with an unconverted try. Brentwood's three's continually pressed their opponents' defence. The kick was for J. Shields, which set the stage for J. Shields' splendid tries, two conversions being made. The score at the half remained 16-0.

After the breather, Brentwood's three's again took the offensive and J. Gillespie penetrated the defence for a well-earned try. The kick was no good. A. W. Gillespie, college skipper, added another try and then converted it. Minutes later he "sold the dummy" for another three points, but failed to convert. The final points were made by J. Clark, towering forward, when he broke through from a lineout.

Particularly noteworthy on the airman's defence was the fine tackling and expert kicking of Verley, their stalwart fullback. Capt. E. D. W. Leven refereed.

The line-ups:
R.C.A.F.—Verley, McNeil (captain), Parrot, Ferrie, Tutt, Carr, Andrew, Nicholas, Watson, Wild, Top, Pretty, McFarlane, Mackery, Rowley and McCauley.
Brentwood College—Berry, Shields, J. Gillespie, Angus, Brown, A. W. Gillespie (captain), Holmes, Schindler, A. E. Gillespie, Clarke, Underbakke, Macaskill, Whittall, Sunderland and Worsley.

NORTH SHORE UNITED WILL OPPOSE LOCALS IN SOCCER FIXTURE

"Reds," Fresh From Their 3-2 Triumph Over St. Saviours, Play Victoria United Here Saturday In Pacific Coast League Match—Nanaimo And St. Andrews Battle to 3-3 Draw

HOW THEY STAND
Goals

North Shore 2 1 1 0 3 4 2
Nanaimo 1 0 0 1 3 3 1
Victoria 2 0 2 0 6 8 0

Sunday's score:
Nanaimo 3, St. Andrews 3.
Next game, Saturday: Victoria United vs. North Shore United, Royal Athletic Park, at 3 o'clock.

Fresh from their 3-2 victory over St. Saviours, North Shore United soccer eleven will make their 1940 debut at Saturday afternoon at Royal Athletic Park, where they are scheduled to oppose the locals in a Pacific Coast Football League match at 3 o'clock.

"Redshirts," as they are more familiarly known in provincial football circles, are favorites with Victoria fans, who last season rated them one of the best clubs in the circuit. Their return should prove very interesting, and with favorable weather conditions the match promises to attract a large, enthusiastic crowd of soccer followers.

Alan McSweeney, genial pilot of the North Shore club, figures his 1940-41 edition of the "Reds" to be slightly better balanced than last season's aggregation, and that's saying quite a lot. The "Reds" have picked up three new players in Hagman and Bradbury, Vancouver policemen, and Jimmy Worswick, former Victoria United centre forward. Hagman will open at fullback, and Ernie Bradbury, well-known intermediate rank player, will probably hold down the pivot position in the visitors' halfback line. Worswick, of course, will play his regular position of centre forward.

Beaten by the odd goal in each of their two starts, Victoria United rest in the uncoveted cellar position, and will have to start winning matches if they wish to evaluate that berth. Locals, however, are not the least bit disheartened and, with prospects of new players for Saturday's match, are hoping to nip their losing streak at the expense of the flashy "redshirts" from Vancouver's North Shore.

That in itself is a big order, but Manager Poyntz' proteges feel equal to the task. They readily recall how they were well up in the 1939-40 standings, and figure it is about time they made a move up the ladder.

The Vancouver club went ahead to take the lead, but Nanaimo came back strongly to score again, sending the game into a deadlock which neither side was able to break.

The first score came when Tantrum, of Nanaimo, took a pass from Gold and banged it into the Vancouver net. Nanaimo's veteran goalkeeper, "Uke" Gray, made it 2-0 when he scored on a penalty shot, given against McLatchy, of the Saints. Vancouver's protest that the ball had played the man was not allowed.

The Saints went into the second half down 2-0, but were not long in overcoming this. Their first goal came when Stormess, passed to Webber, who gave the ball to Ambler for a score.

SAINTS TIE SCORE
Less than two minutes later Webber passed to Greig after out-guessing the only Nanaimo back between them and the goal, and Greig put the ball into the net to tie the score.

Ambler, scoring his second goal of the day, put Vancouver one up when he took Hyslop's pass and shot the ball into the corner of the net, sending the visitors into the lead.

Nanaimo, however, came back to tie the score again, when Tantrum let loose with a high, speedy shot that beat the Saints' goalie. The score was the result of clever ball work by Easterbrook, Kilbey and Tantrum.

Vancouver pressed and had several scoring opportunities late in the game, but were unable to beat the Nanaimo goalie.

Line-ups:
St. Andrews—Newbolt, Stormess, McLatchy, Hyslop, Henderson, Goodheart, Greig, Thompson, Webber, Kovsky, and Ambler. Sub: McGeechay, Manzer and Stephens.
Nanaimo—Johnston, Davis, Edmunds, McGregor, Thomson, Gray, Easterbrook, Parks, Gold, Tantrum and Denton. Sub: B. Watson, A. Watson and Kilby.
Referee: J. Norman.

COLLEGIANS IN FINE TRIUMPH
Brentwood College Ruggers Trounce R.C.A.F., 30-0, In Exhibition Game

Brentwood College swept to a clean-cut victory over the R.C.A.F. ruggers on the former's ground on Saturday by a score of 30-0. Brentwood controlled the play for the most part throughout the match. Although the boys from the Patricia Bay station tried hard, they were unable to score on their more experienced opponents. But what they lacked in the knowledge of the game, they made up for in enthusiasm, displaying the true Air Force spirit.

S. Angus opened the scoring for Brentwood shortly after the initial whistle with an unconverted try. Brentwood's three's continually pressed their opponents' defence. The kick was for J. Shields, which set the stage for J. Shields' splendid tries, two conversions being made. The score at the half remained 16-0.

After the breather, Brentwood's three's again took the offensive and J. Gillespie penetrated the defence for a well-earned try. The kick was no good. A. W. Gillespie, college skipper, added another try and then converted it. Minutes later he "sold the dummy" for another three points, but failed to convert. The final points were made by J. Clark, towering forward, when he broke through from a lineout.

Particularly noteworthy on the airman's defence was the fine tackling and expert kicking of Verley, their stalwart fullback. Capt. E. D. W. Leven refereed.

The line-ups:
R.C.A.F.—Verley, McNeil (captain), Parrot, Ferrie, Tutt, Carr, Andrew, Nicholas, Watson, Wild, Top, Pretty, McFarlane, Mackery, Rowley and McCauley.
Brentwood College—Berry, Shields, J. Gillespie, Angus, Brown, A. W. Gillespie (captain), Holmes, Schindler, A. E. Gillespie, Clarke, Underbakke, Macaskill, Whittall, Sunderland and Worsley.

Frank Thomas Wins Amateur Golf Title For the Third Time
Fifty-Six-Year-Old Shotmaker Tops Field in City Championship—First Won Laurels in 1922, Repeating Two Years Later

Eighteen years ago, the Summer of 1922 to be exact, Frank Thomas, then a veteran at the game at the age of thirty-eight, captured the city golf championship from one of the largest fields in history. Two years later, just to prove that his win was nothing out of the ordinary, Thomas repeated in the same tournament. The well-known Victoria plasterer hasn't been heard of in recent years on the links, although his name popped up here and there in minor competitions. Last Sunday, at the Colwood course, Frank Thomas came to the fore again at the age of fifty-six, when he shot a neat round of 76, which, with his first eighteen of 75, gave him the city crown once again with a total of 151.

While the hot favorites such as Ted Colgate, Harold Brynjolfson, Jim Squire, Alan Macey, Brian Hunnings, Bill McDermid, were slipping fast as the final round continued during the day, Thomas continued along in a steady gait, posting par after par, to sneak in a winner when most of the experts gave him little thought. "It was a popular victory," was the unanimous opinion at the "nineteenth" hole when the shotmaking ceased for the day.

HORSMAN SECOND
Finishing in second position came Ed Horsman, young left-hander, who added a 77 to his first eighteen of 75 for 152, while Gordie Verley and George Bigelow were next with 153's. Verley had 75 and 78, and Bigelow shot a 76 to go with his first round. Jim Squire, first day leaver, with a 72, used up ten more strokes Sunday, while Bill McDermid soared to an 82 after turning in a 72. Brynjolfson blew himself to an 82, as did Bob Simpson, while Colgate scrambled all over the course and finally wound up with an 81, which put him nine strokes back of the pace-setter at the finish.

Results follow:
Frank Thomas 75-76-151
E. S. Horsman 75-77-152
G. K. Verley 75-78-153
George Bigelow 77-76-153

IS PLEASED
WITH QUILTYCoach of Montreal Cana-
diens Likes Nineteen-
Year-Old RookieBy ROBERT CLARKE
Canadian Press Staff WriterST. HYACINTHE, Que., Oct. 21 (CP).—Young Johnny Quilty, one of
the rookies training with Montreal
Canadiens, wants to be the famous
son of a famous father.And there's nothing that Silver
Quilty, the Ottawa football star of
another day, would like better than
to see his nineteen-year-old son
make the grade in the National
Hockey League."Dad would like to see me up
there and I certainly want to play in
the N.H.L. myself," said Quilty.
"I've had the ambition to play pro-
fessional hockey ever since I used to
watch the old Ottawa Senators play
at home more than a half-dozen
years ago."Coach Dick Irwin thinks that
Quilty, a slim, dark-haired speedster,
is definitely of N.H.L. stock.
So do the fans who have watched
Canadiens go through their training
pitches here.Irwin says that Quilty, who plays
centre, reminds him a bit of Syl
Appa and Joe Primeau, the former
a centre star with Toronto Maple
 Leafs, and the latter the now-retired
centre of Toronto's famous "kid
line" of a few years ago of Primeau,
Charlie Conacher and Harvey Jack-
son."He's got the same fluid skating
style of Primeau and lays down a
nice pass just like Primeau did,"
said Irwin. "And then he has a lot
of Appa's traits, the same quickness
on his feet and speed in doing
things."When Canadiens defeated New
Haven Eagles of the American
League, 5-2, in an exhibition game
Sunday, Quilty scored two goals and
assisted in another.And if Quilty makes the jump to
pro ranks, there's something that the
opposition might like to know. He
was light-heavyweight boxing cham-
pion of the Ottawa Valley last year.

Berlin correspondents have been

lowed, by a week, a ban by Nazi
authorities on transmission of de-
tails as to the duration of British
raids on Berlin. Correspondents
also were forbidden to send
news while raids are in progress.USE OLD WEAPONS
TO STRIKE NAZIS
OTTAWA, Oct. 21 (CP).—Details of
a plan to turn old German guns into
modern weapons and missiles with
which to smite the Nazis in the pres-
ent war now are being worked out
by Federal authorities.Hundreds of such guns, trophies
of the first Great War, are scattered
across Canada in public parks and
other places. Although loaned to
municipalities and other local bodies
for exhibition purposes they remain
the property of the Dominion Gov-
ernment.While authority to turn the guns
over to war industries in which the
steel, copper, brass and other metals
in them may be salvaged and put to
use has been granted, other steps
must be taken before the guns are
moved.In a letter to Mayor Stanley Lewis,
of Ottawa, Gustave Lantier, Domini-

military museum board, said today
it is considered desirable that some
central authority arrange for the
disposal of the trophies. The board
has recommended that the chief

LECTURE TOPICB. A. McKelvie Fascinates
Audience With Intriguing
History IncidentsThe romance of early British Col-
umbia, going back 50,000 years to
the days of the Marpole man, was
traced by Bruce A. McKelvie in a
lecture given at the Fairfield United
Church last night, on the occasion
of the church's twenty-eight anni-
versary.In the time at his disposal, Mr.
McKelvie recounted many fascinat-
ing stories of the early explorers and
climaxed his lecture with a recital
of an incident in British Columbia's
history, which occurred exactly 150
years ago today, and which might
have led to a world conflict involv-
ing as many countries in strife as
are engaged in war today.At the close of the lecture, Mr.
McKelvie exhibited to interested
listeners a museum piece, which is
a physical symbol of Britain's sov-
ereignty over Vancouver Island in
days gone by.Prior to the lecture, a programme
of music was held, the artists taking
part: Miss Sylvia Michas, vocal solos,
"Just a Little Love, a Little Kiss"
(Adrian Ross) and "Forgotten" (Eu-
gene Cowell); A. W. Tsvet, vocal
solos, "Pilgrim's Song" (Tschakovsky),
and "The Yeoman of England" (Ed-
ward German); S. Wakeman,
violin solos, "Hungarian Dance"
(Kaszmayer), and "Extase D'Amour"
(Raymond Rose); and Miss Amy
Walton, vocal solos, "Morning" (Oley
Speaks), and "Jeanie With the Light
Brown Hair" (Stephen Foster). Ac-
companists were Miss Isabelle Pike
and Miss Estelle Clark.Following the concert and lecture,
the women's association held its
annual banquet, at which nearly
170 persons were present.LONDON HAS

through the day with only two "hit
and run" alarms, instead of the cus-
tomary six or so. Other Nazis at-
tacked Liverpool, the Midlands, and
northwest and northeast England, as
well as coastal areas.FIVE GERMAN DOWN
Five German planes were reported
unofficially to have been shot down
in daylight raids.London anti-aircraft gunners
scored a direct hit on one early
morning raider; anti-aircraft guns
near Ipswich, north of the mouth
of the Thames, brought down an-
other; and British fighters shot
down one each near Milton and
Lymington, Hampshire, and off the
Isle of Wight.Early reports told of nearly a
dozen casualties during the day out-
side London.The enemy turned some attention
on Dover again, shelling that Chan-
nel port with long-range guns from
the French coast. Some buildings
were damaged, but no casualties
were reported.The German bombardment ceased
at dusk and British bombers were
reported to have gone after the
guns immediately. In raids on their
emplacements, residents of the
coastal area said they heard heavy
explosions across the Channel.EMBASSY DAMAGED
LONDON, Oct. 21 (AP).—Windows
were smashed in the United States'
big new embassy building on Gros-
venor Square in a recent Nazi air
raid, but the red brick, white-trimmed
Colonial structure was not badly
damaged and no member of the
staff was injured.A German plane laid a stick of
bombs across the big square in Lon-
don's fashionable West End. One
demolished a house, damaged two
others across the square and blew in
a few windows of the embassy.Another bomb failed to explode
immediately, but dug itself a deep
pit about fifty feet from the door.
It went off a few hours later, blasted
more windows and hurled soil and
stones on to the roof and against
the front wall.The inside was not damaged and
a spokesman said today, "We're
still open for business."Ten persons were killed in the
same raid, when a German bomb
crashed near the Y.M.C.A. head-
quarters in Great Russell Street,
blasting out doors and windows and
blowing down inside partitions. Be-
tween 400 and 500 members shelled
in the gymnasium were not hurt.Although the outside walls were

Session Sluggish And Featureless On Wall Street

NEW YORK, Oct. 21 (AP)—Stock market leaders generally showed minor fluctuations today with a few "thin" issues showing wider declines.

It was not a one-way street, however, and a number of specialties managed to finish on top.

Price variations, on the whole, were interpreted as meaningless in view of the narrowness of trends and sluggishness of the proceedings.

The Associated Press average of sixty stocks was off 3 of a point at 44.4. A month ago it stood at 45.3. Transfers totaled 270,000 shares, compared with 390,290 last Friday.

Prospective buyers, brokers said, inclined to go slow because of the outlook for trouble in the Far East, the possible effect on mounting domestic taxes on earnings and dividends, and the apparent vagaries of the election race.

Good industrial news, still reflecting the growing on defense spending, seemed to provide scant speculative stimulus.

Italian bonds took another sharp upturn today, while the market for domestic corporate issues held in a narrow path, with some rails and utilities rising a point or two.

Taily Ts slipped 4 to 47 3/4. Up 2 to 40 1/2 were Rome 5 1/2-7 1/2. Italian Public Utility 7 1/2, and Lombard Electric 7 1/2.

German 7 1/2 dropped more than a point and Japanese issues likewise sagged in a thin market.

United States Treasury loans were trendless, ending with slight gains and losses.

DOW JONES AVERAGES
Dow Jones averages closed today as follows:
Thirty Industrials, 131.37, off .81.
Twenty rails, 28.68, off .21.
Twenty utilities, 21.94, off .26.
Total sales, 370,000 shares.

WINNIPEG WHEAT BUSINESS LIGHT

WINNIPEG, Oct. 21 (CP)—Canadian mills purchased approximately 100,000 bushels of wheat in the Winnipeg Grain Exchange wheat pit today, but other business was light and routine.

October wheat closed 1-4 cent down at 70 1/4 cents a bushel, while December and May were at the fixed minimums of 71 1/2-8 and 75 1/2-8 cents, respectively.

Buenos Aires were 1-8 cent higher and Chicago finished unchanged to 3-8 cent higher.

Cash wheat trade was light, while buying by shippers in oats and barley gave some grain operations a firm tone.

TRADE IN GOLDS BIG AT TORONTO

TORONTO, Oct. 21 (CP)—Heavy trading in the gold shares at rising prices expanded aggregate turnover to 468,000 shares today on the Toronto Exchange, the heaviest volume since May 23 last.

Hallion Gold added 25 and the close was up 9 to 10 for Macassa, MacLeod-Cockshutt, Anor and East Malartic. Preston, after gaining 20 in the first hour, reduced the gain to 5, closing at 282.

Biggood-Kirkland advanced 33-4 to 181-4.

Pend Oreille weakened narrowly. Declines of a point or more came out for B.C. Power "A" and Consumers Gas.

In the Western Oil group, Home Oil and Okalta had small gains and minor recessions were noted by Anglo-Canadian, Calgary and Edmonton and Foothills.

I'LL WAIT FOR YOU

By MARGARET GORMAN NICHOLS

CHAPTER LIV.

"Where are you going, now?" Dick Fenton said to Edwina as the train bore Carol and Norman away on the first stage of their honeymoon trip.

She wished he hadn't asked her that because she had no place to go except to her tiny apartment.

"Home," she tried to smile. "But you go on. I share a certain melancholy Swede's celebrated passion for walking in the rain."

On the street, glistening with rain, he turned to her again. "I haven't asked you how you like your job, Edwina, or how you're making out in the new setup. Have you settled everything in Newton? Aren't you going back?"

"Everything is settled there; I don't owe a penny and I'm not going back—not for a long time anyway. And I like the job very much. Norman has been marvelous to me. Wouldn't it be lonely?"

"You're the bravest girl I've ever known."

"Because I've come down in the world and kept my chin up? I haven't come down, Dick. I've gone up. I've paid my debts and I'm straight with the man and I've something left over that I'm going to be very stingy about."

"When Cornelia comes back to town and Carol and Norman come back from their honeymoon, we'll have a party."

"Thanks. That's sweet of you. But I won't be a third wheel for either of you and I can't afford your parties. I can't belong to the working-girl group in the daytime and go to your parties at night. And I won't let Norman and Carol feel responsible for me." Or sorry for me, she thought.

He smiled. "You're still the bravest girl I've ever known. If it hadn't been for you, the world would be minus two happy people tonight on their way to Hawaii and a boy who made one mistake in his life would be on trial rather than free and honest, his debts paid, too."

"You think Carol is the heroine, Carol who is beautiful and who has just married the man she loves? No, you are, Edwina. And we'll never forget it. I thought I was a pretty hard-boiled attorney until the night I saw you come up those steep dark steps to Mr. Hartley's rooms. Alan came first and you followed him. There was significance in that. You made him come and you gave Carol her great happiness."

She looked up at his hat from which the rain was dripping. "Stop it, or you'll have me either conceited or in tears, and I've had so much fun today, ordering flowers for the wedding and buying that jacket for Carol, the first really luxurious, expensive thing she's ever had. You're getting soaked, Dick. Good-bye."

She heard his thoughtful good-bye as she turned and walked away a slim, graceful figure who hoped that when she reached the apartment hotel where she had taken a one-room kitchenette and bath apartment no one would see her, and if by chance some one did, he

or she would not be able to distinguish rain from tears.

Edwina was working full-time, now, at her typing job with Norman's firm, though later, when the schools opened, she would work only half-time, so that she could take up several studies. Now each day was the same—the alarm clock calling her from sleep, the hastily-prepared breakfast in the kitchen, so tiny she could scarcely turn around, then hurrying into her clothes and meeting on the street other girls whose lives were the same as hers. The huge office building seemed to swallow her and then expel her, once for lunch on at some crowded, inexpensive, noisy place, and once again at 5 o'clock to walk back to the tiny apartment, to cook again and to spend an evening alone.

Despising self-pity, she told herself that she had brought this dull, unchanging life upon herself by her extravagance and recklessness, and yet each evening when she stepped from the office building and paused a moment to buy a newspaper and then began the long walk home, she was sick with loneliness. Not wanted, a life of parties and clothes and demanding men and women and late hours, and liquor and emotional conflicts. It was that she had found herself a misfit among the girls at the office and the girls at the apartment hotel, who had read about her for the last five years and who regarded her, some with awe, some with jealousy, some with open animosity and ridicule. And she was determined not to be either a responsibility or an object of pity to Carol and Norman or Dick.

She was walking home, the newspaper tucked under her arm, her small feet moving quickly, then stopping to wait for a traffic light to change, then moving again. But why was she hurrying, she asked herself. She had nothing to go back to and as she looked into other faces, she saw courage and drabness and weariness in most of the passing parade.

Gallantly she was fighting what had always frightened her more than anything else—loneliness. For these three weeks since Carol and Norman had been married had taught her that she could not bear loneliness. When you were rich, you could bribe loneliness with pleasure and people, even though the pleasure as well as the people were false. But you were never completely alone.

Now loneliness was a drifting and an aching void; minutes dragged and each day was the same as the day before. Her life, which she had wanted so much to make purposeful and full, had become purposeless and empty, and her strength and her new ambition were utilized only in eight hours at a desk before a typewriter.

(To Be Continued)

"Most motorists experience that bugbear, where the wife issues instructions from the back seat," declares a writer. What is needed, apparently, is a sort of chatter-proof glass.

That Body of Yours

By JAMES W. BARTON, M.D.

CAUSES OF BACKACHE

Whenever I see a man on the street walking as if his back were hurting him, I want to stop and tell him about the backaches I have had in my time. My first backache, due to injury (breaking my car), required a supporting brace (Gold-thwait) for four years; the second attack, due to infected tonsils, disappeared when tonsils were removed. With the backache due to injury I found that by assuming a certain position in bed I could be free of pain. With the backaches due to infection (tonsils and teeth), I found that the pain was worse when I was at rest and was less painful when I was up and walking about.

What many physicians, including myself, fail to remember, however, is that the backache due to injury is not due to some sudden strain but to some slow, steady strain on the back. Many cases are due to men and women allowing themselves to become overweight, particularly over the abdomen. The increased weight of the abdomen causes a pulling on the joints between the spinal column and the hip bones. This causes not only backache but often severe pain down the upper leg—sciatica. In these cases, reducing the weight and the wearing of an "uplifting" abdominal belt takes the strain off these joints and gives great relief.

However, those who are underweight may also have this pain if they are physically weak and do not stand correctly. Here also an abdominal belt is of help. Also, as men and women grow older and weaker, there is an extra strain on the joints and muscles of the lower back.

The thought then in all cases of backache is to try to find the cause. While trying to find the cause—injury, infection, poor posture—heat in any form is good treatment. Heat not only soothes the nerves but relaxes the muscles, thus taking much of the "pull" or tension off the muscles and ligaments surrounding the affected part.

In cases where there is slight dislocation of the bones of a joint or joints, an anesthetic is given, and the bones placed in proper position.

Group Leaders Visit Victoria

All over the British Isles, cities, towns and villages, with the endorsement of their civic authorities, are displaying striking posters making a plea for moral rearmament and telling the people how to play their part in the preservation of morale, according to Loudon Hamilton and Paul Nanton, Winnipeg, prominent in Canada in the "moral rearmament" movement.

Mr. Nanton and Mr. Hamilton were in Victoria last week on their way back to Toronto from California, where they spent a month with others leaders of "M.R.A." in training and in planning for future work.

What Today Means

"LIBRA"

If October 22 is your birthday, the best hours for you on this date are from 10:30 a.m. to 12:30 p.m., from 2:30 to 4:30 p.m. and from 8:30 to 10:30 p.m. The danger periods are from 8:30 to 10:30 a.m.

from 6:30 to 8:30 p.m. and from 10:30 p.m. until midnight. This may be a day filled with repercussions from people acting impulsively, due to their not reflecting on the possible foolishness of some of their actions particularly if they indulge a proclivity for playing practical jokes. This is apt to be a day when brains will have to be combined with brains if satisfactory results are to be obtained. Evidently the average person's physical strength is going to be subjected to a number of tests on this date, so care should be exercised not to strain yourself through any strenuous exertion. Do not overtax your memory on this date, make memorandums, and be sure that you put them where they can be found and referred to as the need arises. Mannerisms will be very noticeable, so if you are aware that you have any try to keep them under control. Married and engaged

couples, and those who have hopes of joining the ranks of publicly recognized fiancées, will have to watch their p's and q's on this date if they wish to win their beloved one's unqualified approval. If a woman and October 22 is your birthday, self-opinionated people are perhaps the bane of your existence, as they may be continually interfering with you; desire to direct your own affairs. Assert yourself and make them understand you are fully capable of thinking things out for yourself, if you would free yourself of these well-meaning pests. Live your own life according to your own and not someone else's ideas. If you wish to be happy, through teaching, selling, business management or some artistic pursuit, you should be able to bank in the sunshine of prosperity. Your matrimonial experiences are, in all likelihood, going to be conducive to much happiness prevailing in your home. The child born on October 22 can be easily trained, during its formative years, to respect all the rules of polite society, and to have a high regard for its prescribed conventionalities. Most children born on this date develop a decided flare for work of a decidedly artistic or mechanical nature. If a man and October 22 is your

natal day, curb any sporting proclivities you might have, for they are apt to prove to be decidedly expensive. You will probably be far luckier in love than in games of chance. As a contractor, politician, army or naval officer, aviator engineer, architect, agriculturist, author, clergyman, educator, artist, sales agent, industrialist, or in some line of radio work, you may find many favorite opportunities to woo fame and fortune.

HOME FROM HOME

He was doing his best to fit his key into the lock, singing a happy song meanwhile. After a time a head looked out of the window above. "Go away, you fool," cried the man upstairs. "You're trying to get into the wrong house." "Fool yourself," shouted back the man below. "You're looking out of the wrong window."
